

Supplemental Data :

Figure SF1 : Resistance to SDS of the *M. tuberculosis* HN878 (A) and 94-1707 (B) recombinant strains.

Diamond, HN878:p2952wt and 94-1707:p2952wt; square, HN878:p2952mu and 94-1707:p2952mu; triangle, HN878:pMV361 and 94-1707:pMV361. Strains were used to inoculate 7H9 + ADC supplemented with 0.1% SDS and, after the indicated time of exposure, the number of viable bacteria was evaluated by serial plating on 7H11 + OADC. The values shown are the means \pm standard deviations of three independent experiments.
