Review timeline:

Submission date:

01 July 2009

Accepted:

02 November 2009

Transaction Report:

(Note: With the exception of the correction of typographical or spelling errors that could be a source of ambiguity, letters and reports are not edited. The original formatting of letters and referee reports may not be reflected in this compilation.)

An earlier version of this manuscript was submitted to The EMBO Journal and assessed before January 2009. As the original review of the manuscript therefore predates the implementation of The EMBO Journal's transparent review process policy, no Review Process File is available with this article
