

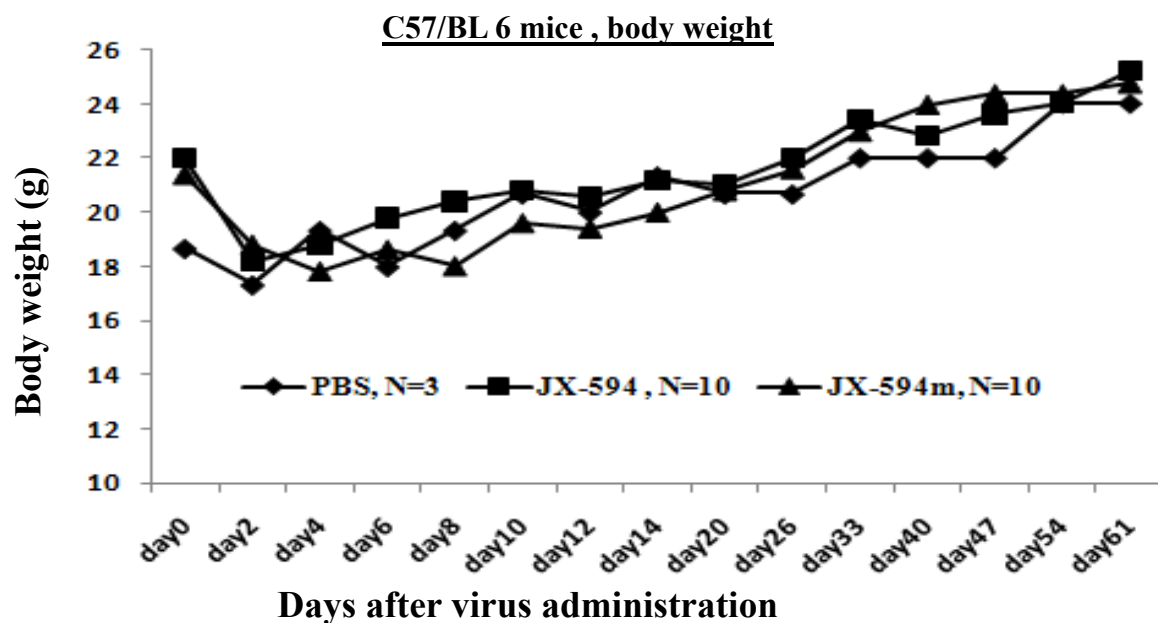

Figure S4a, b, c

d)

Supp. Fig 2. JX-594 and JX-594m safety/toxicity study in immunocompetent F344 rats and C57/bl6 mice a) Representative mean body weight (g) is shown after i.c. injection of JX-594 and JX-594m (N=6) in normal F344 rats. b) Representative survival curve of non-tumor bearing normal F344 rats I.C administrated JX-594 or JX-594m (n=5). c) Mean body weight (g) is shown after i.c. injection of JX-594, JX-594m (n=12) in normal F344 rats. d) Representative mean body weight (g) after i.c. injection of JX-594, JX-594m (n=10) in C57/BL6 mice.
