

2DL4 only

2DL4 and EEA1

2DL4 + Triad3a

Supplemental Figure 2. Tile array of individual z-sections of 2DL4/EEA1 staining from two cells shown as a max-projection in Figure 8C. Overlaid fluorescence images of individual z-stack sections from two cells stained for EEA1 from each condition (\pm Triad3A expression). 2DL4 is shown in red and EEA1 is green.
