

Table S5 – Additional information on individual data extraction

Prostate				
Reference	Patients individually analysed	Clinical response	Number of DC and number of vaccinations / dose	Immune response
Barrou, 2004	24	No individual analysis	Fixed number of vaccinations Median number of DC calculated	Individual information in table
Burch, 2000	13	Information in results section and figures	Mean dose of treatment groups	Individual information in results section and figures
Fong, 2001	21	Individual information in table	Individual information in table	Individual information in table
Fuessel, 2006	8	Individual information in table	Fixed dose	Individual information in table
Heiser, 2002	13	No individual analysis	Fixed dose	Individual information in table and figures
Higano, 2009		No individual analysis	No individual analysis	No individual analysis
Hildenbrand, 2007	12	Individual information in table	Fixed dose	Individual information in table
Kantoff, 2010		No individual analysis	No individual analysis	No individual analysis
Mu, 2005	19	Individual information in table	Fixed dose	Individual information in table
Murphy, 2000	27	Individual information in table only for responders (other patients 'all PD')	Individual information in table only for responders, for other patients mean numbers of vaccinated DC and exact numbers of vaccinations	Not investigated
Pandha, 2004	11	Individual information in table	Median number of DC Fixed number of vaccinations	Individual information in results section, tables and figures
Perambakam, 2006	14	Not investigated	Median number of DC Fixed number of vaccinations	Individual information in table
Small, 2000	31	Results section and conclusion from TTP for SD	Median number of DC and vaccinations	Information in results section
Small, 2006		No individual analysis	No individual analysis	No individual analysis
Su, 2005	20	No individual information	Fixed dose	Individual information in table
Thomas-Kaskel, 2006	12	Individual information in table	Individual information in table	Individual information in table
Waeckerle-Men, 2006	6	Individual information in results section, but PD specified only for 3 patients	Fixed dose	Individual information in results section and figures

RCC				
Reference	Patients individually analysed	Clinical response	Number of DC and number of vaccinations / dose	Immune response
Berntsen, 2008	27	Individual information in table	Individual information in table, fixed dose per vaccination	No individual analysis
Bleumer, 2007	6	Information in results section	Mean number of DC Fixed number of vaccinations	Individual information in table
Dannull, 2005	10	No individual analysis	Fixed dose	Individual information in results section, table and figures
Gitlitz, 2003	12	Individual information in table	Individual information in table	Information in results section
Hörtl, 2002	27	Individual information in table	Individual information in table	Individual information in results section and figures
Kim, 2007	9	Individual information in table	Fixed dose	Individual information in table
Märten, 2002	11	Individual information in table; only patients with tumor lysate pulsed DC included	Individual information in table	Individual information in table
Oosterwijk-Wakka, 2002	12	Individual information in table	Fixed number of vaccinations Mean number of DC	Information in results section
Schwaab, 2009	18	Individual information in table	Individual information in table, fixed dose per vaccination	No individual analysis
Su, 2003	10	Individual information for 2 patients (other patients received additional treatment)	Fixed dose	Individual information in table
Wei, 2007	10	Individual information in table	Individual information in table	Individual information in results section and figures
Wierecky, 2006	20	Individual information in table	Individual information in table	Individual information in table
