

Manuscript #:

[The Pharmacogenomics Journal] ("the Journal")

**Title of the contribution:** *Antipsychotic-induced vacuolar chewing movements and ("the Contribution") extrapyramidal side-effects are highly heritable in Mice.*

**Author(s):** *James Crowley, Daniel Atkins, Amanda Pratt, Corey Quackenbush, Edwin van den Oord, Sheryl Moy, Kirk Wilhelmsen, Thomas Cooper, Molly Dugue, Howard McLeod, Patrick Sullivan.*

**To:** Nature Publishing Group ("NPG"), a division of Macmillan Publishers Ltd

1. In consideration of NPG agreeing to publish the Contribution the Authors grant to NPG for the full term of copyright in the Contribution and any extensions thereto, subject to clause 2 below, the exclusive licence (a) to publish, reproduce, distribute, display and store the Contribution in all forms, formats and media whether now known or hereafter developed (including without limitation in print, digital and electronic form) throughout the world, (b) to translate the Contribution into other languages, create adaptations, summaries or extracts of the Contribution or other derivative works based on the Contribution and exercise all of the rights set forth in (a) above in such translations, adaptations, summaries, extracts and derivative works and (c) to licence others to do any or all of the above.
  - a) To reproduce the Contribution in whole or in part in any printed volume (book or thesis) of which they are the author(s).
  - b) They and any academic institution where they work at the time may reproduce the Contribution for the purpose of course teaching.
  - c) To post a copy of the Contribution as accepted for publication after peer review (in Word or Tex format) on the Authors own web site or institutional repository six months after publication of the printed edition of the Journal, provided that they also give a hyperlink from the Contribution to the Journals web site.
  - d) To reuse figures or tables created by them and contained in the Contribution in other works created by them.
2. Ownership of copyright remains with the Authors, and provided that, when reproducing the Contribution or extracts from it, the Authors acknowledge first and reference publication in the Journal, the Authors retain the following non-exclusive rights:
  - a) The Authors are the sole authors of and sole owners of the copyright in the Contribution. If the Contribution includes materials of others, the Authors have obtained the permission of the owners of the copyright in all such materials to enable them to grant the rights contained herein. Copies of all such permissions are attached to this licence.
  - b) All of the facts contained in the Contribution are true and accurate.
  - c) The Author who has signed this Agreement has full right, power and authority to enter into this Agreement on behalf of all of the Authors.
  - d) Nothing in the Contribution is obscene, defamatory, libellous, violates any right of privacy or infringes any intellectual property rights (including without limitation copyright, patent or trademark) or any other human, personal or other rights of any person or entity or is otherwise unlawful.
  - e) Nothing in the Contribution infringes any duty of confidentiality which any of the Authors may owe to anyone else or violates any contract, express or implied, of any of the Authors, and all of the institutions in which work recorded in the Contribution was carried out have authorised publication of the Contribution.
3. In consideration of NPG agreeing to publish the Contribution, the Authors also grant to NPG for the full term of the copyright and any extensions thereto the same rights that have been granted in respect of the Contribution as set out in clause 1 in the Supplementary Information but on a non-exclusive basis.
4. NPG acknowledges that an earlier version of and/or work or material contained within the Contribution may have been submitted to the Nature Precedings pre-print document-sharing service previously in accordance with that service's standard licence terms.
5. The Authors warrant and represent that:
  6. The Authors authorise NPG to take such steps as it considers necessary at its own expense in the Authors' name and on their behalf if it believes that a third party is infringing or is likely to infringe copyright in the Contribution.
  7. The Authors hereby consent to the inclusion of electronic links from the Contribution to third-party material wherever it may be located.

Signed for and on behalf of the Authors: *Jim Crowley* Date: *6/28/10*
