

2009
Comparison of WHO and IHME NMR estimates across countries
Countries with greater than ($\pm$)25% relative difference are indicated

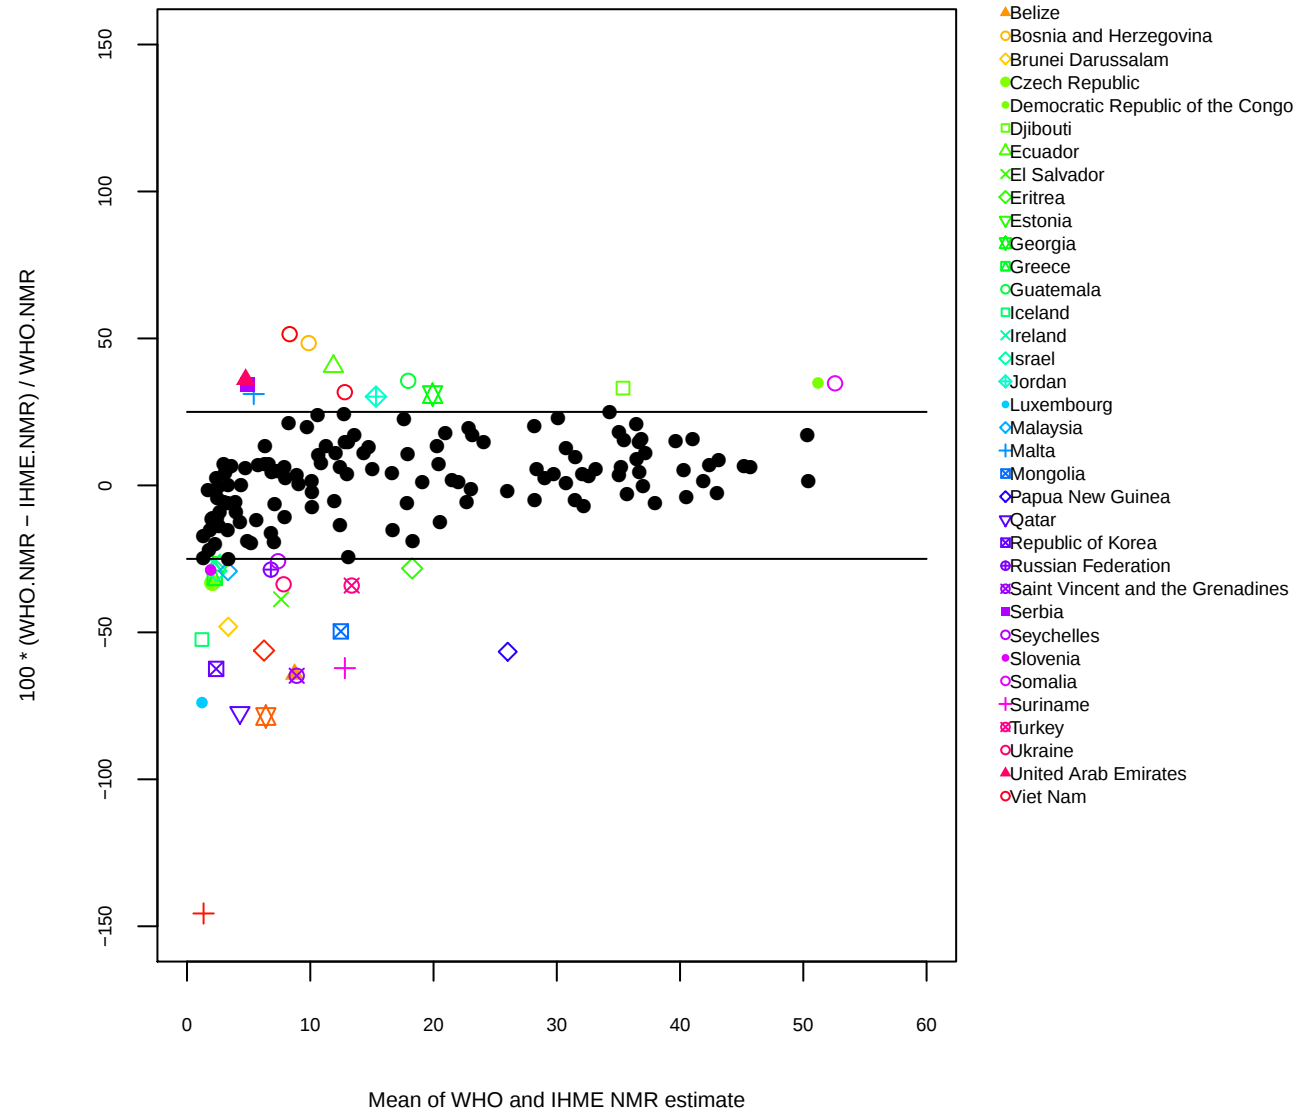

2008
Comparison of WHO and IHME NMR estimates across countries
Countries with greater than ($\pm$)25% relative difference are indicated

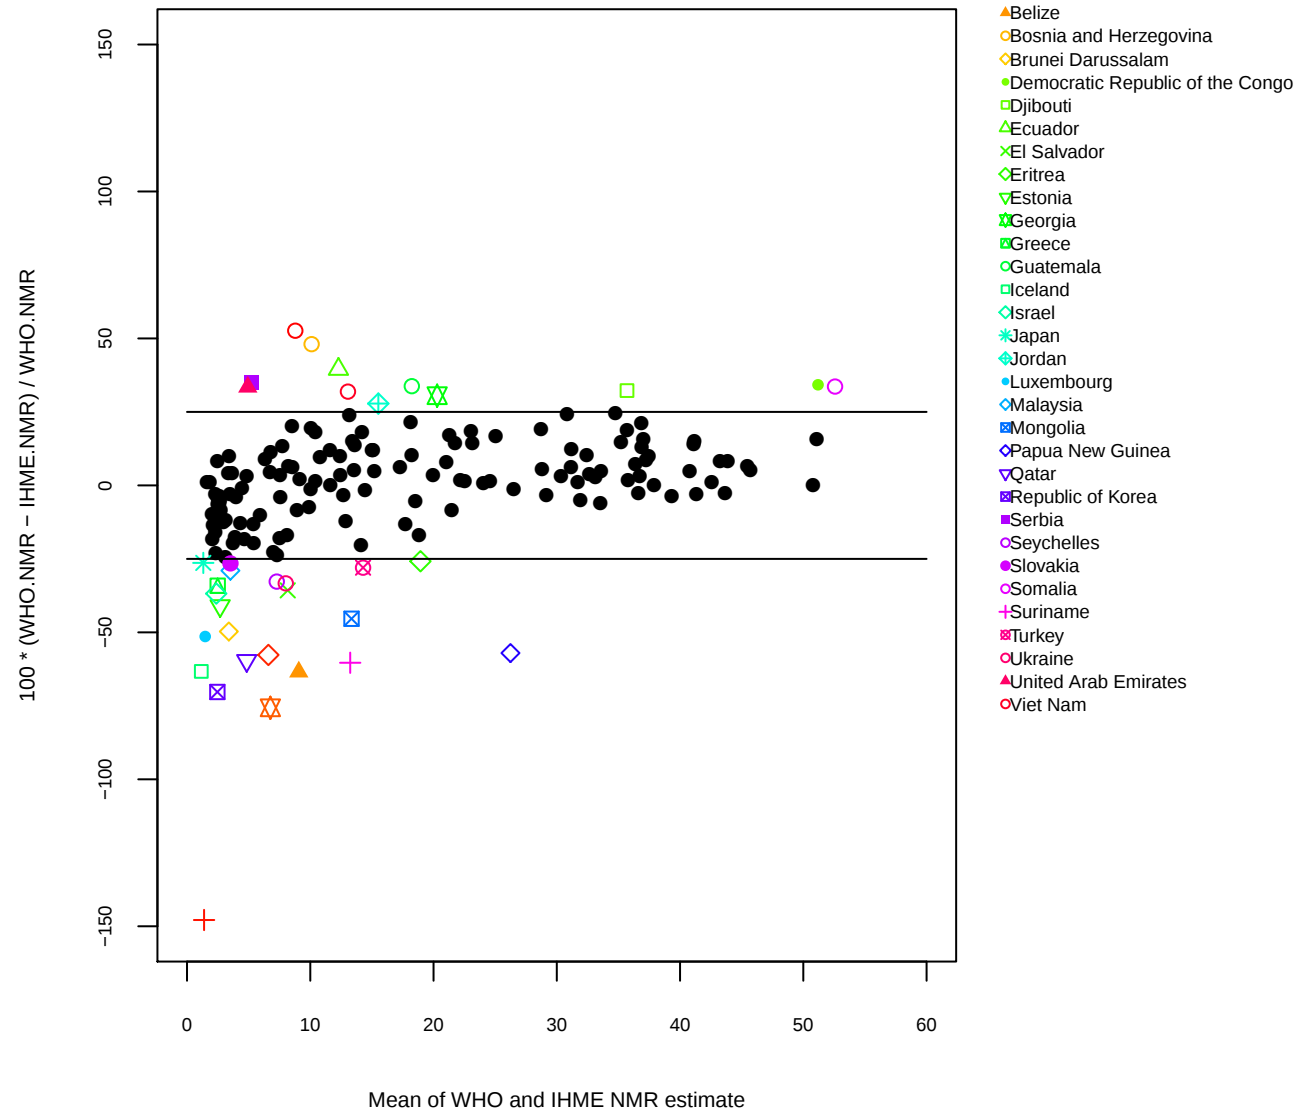

2007

Comparison of WHO and IHME NMR estimates across countries

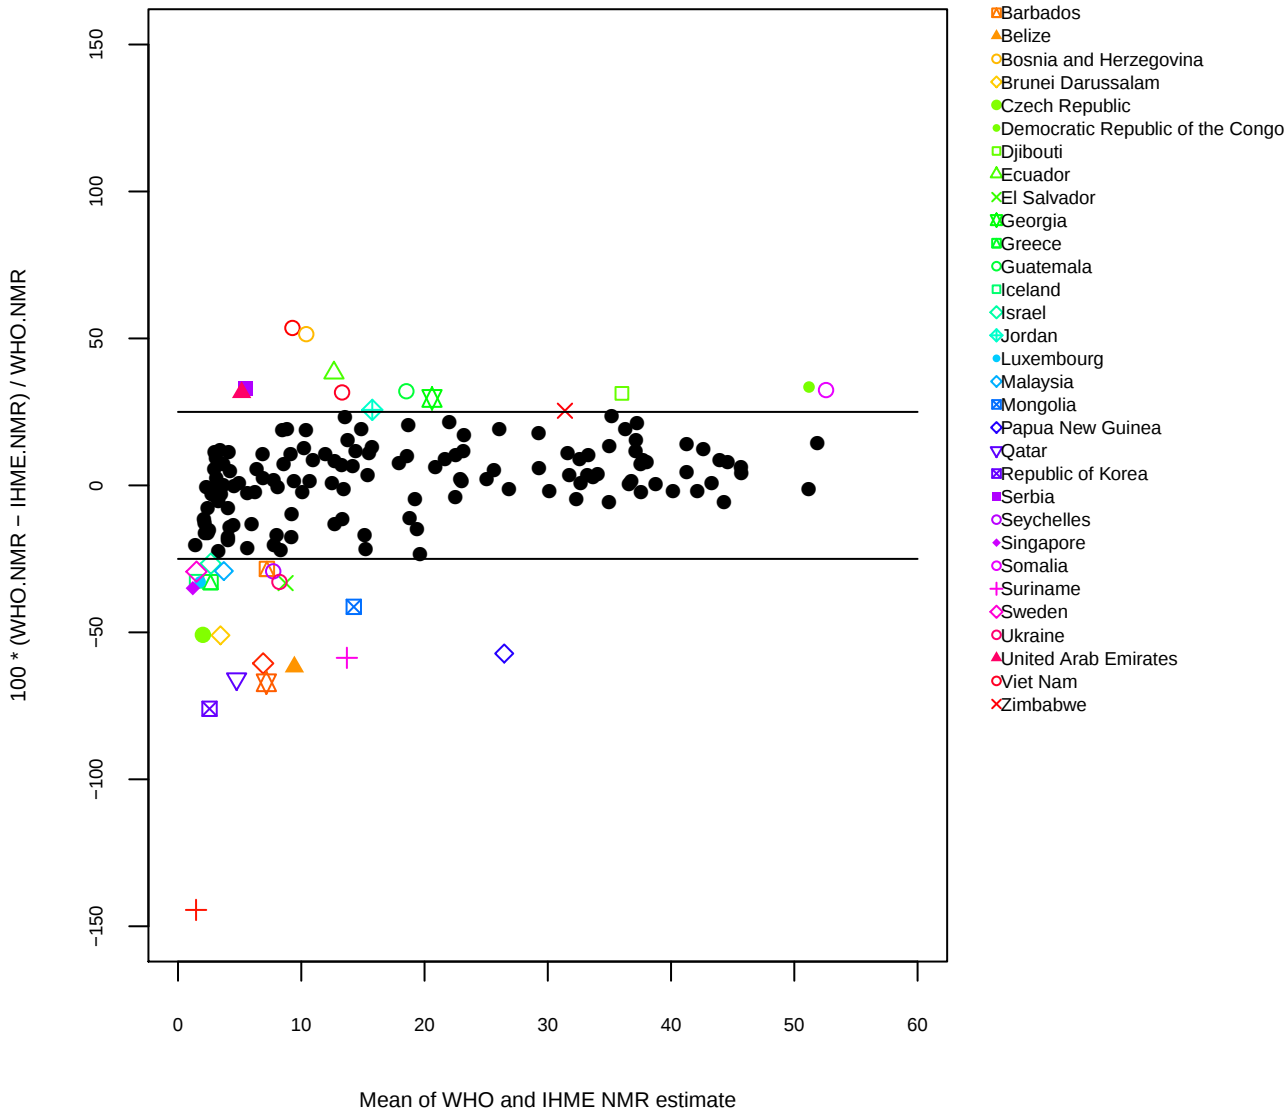

Countries with greater than ($\pm$)25% relative difference are indicated

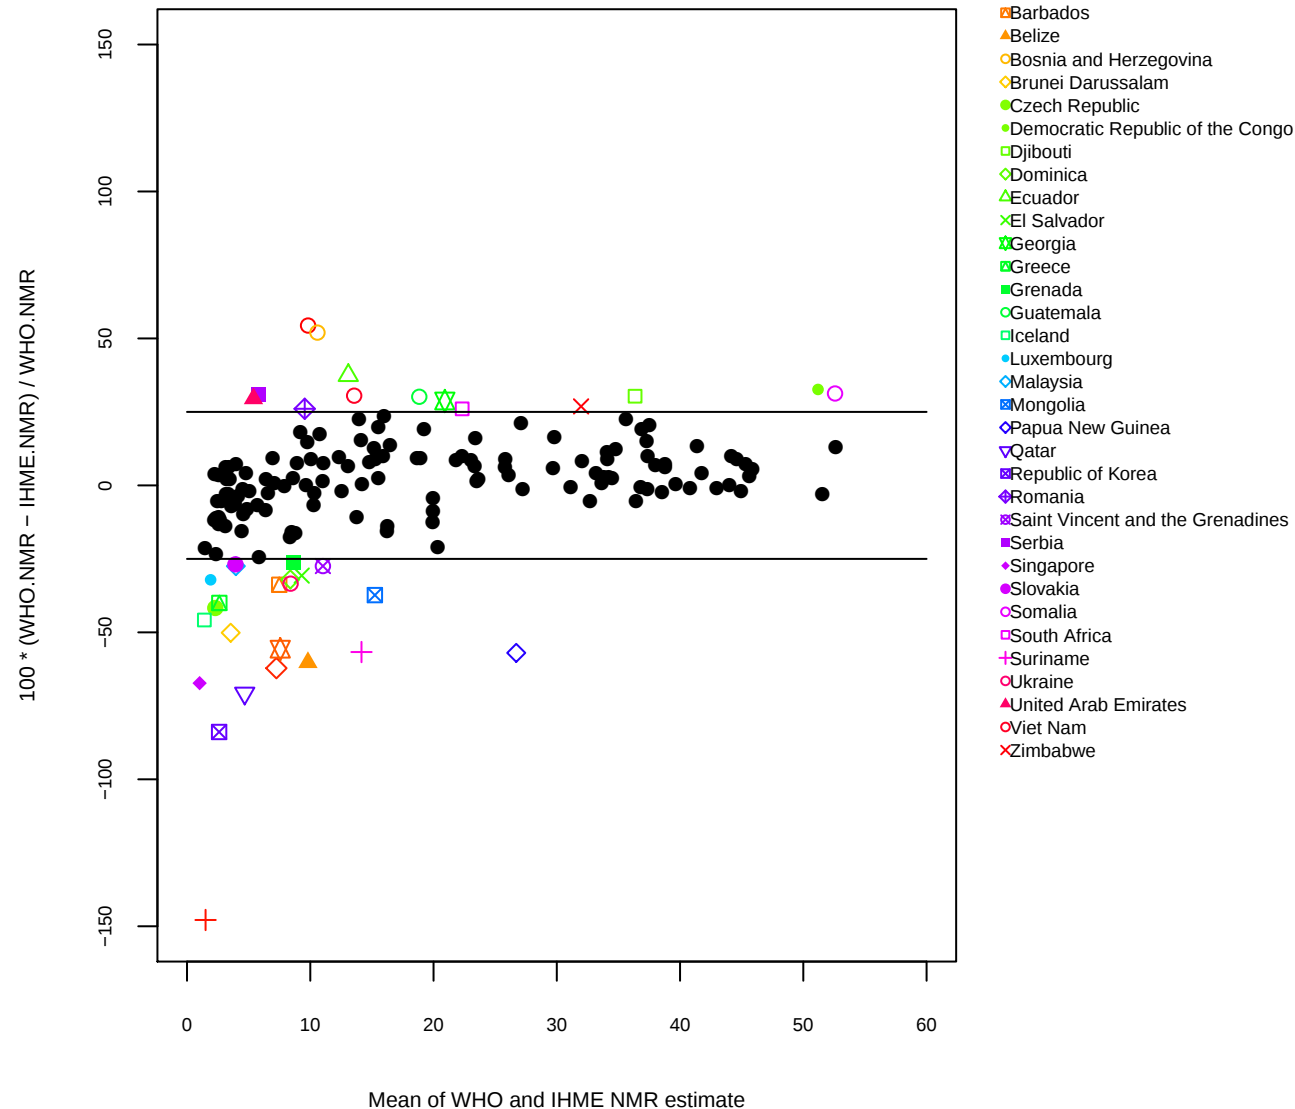

2006
Comparison of WHO and IHME NMR estimates across countries
Countries with greater than (→)25% relative difference are indicated

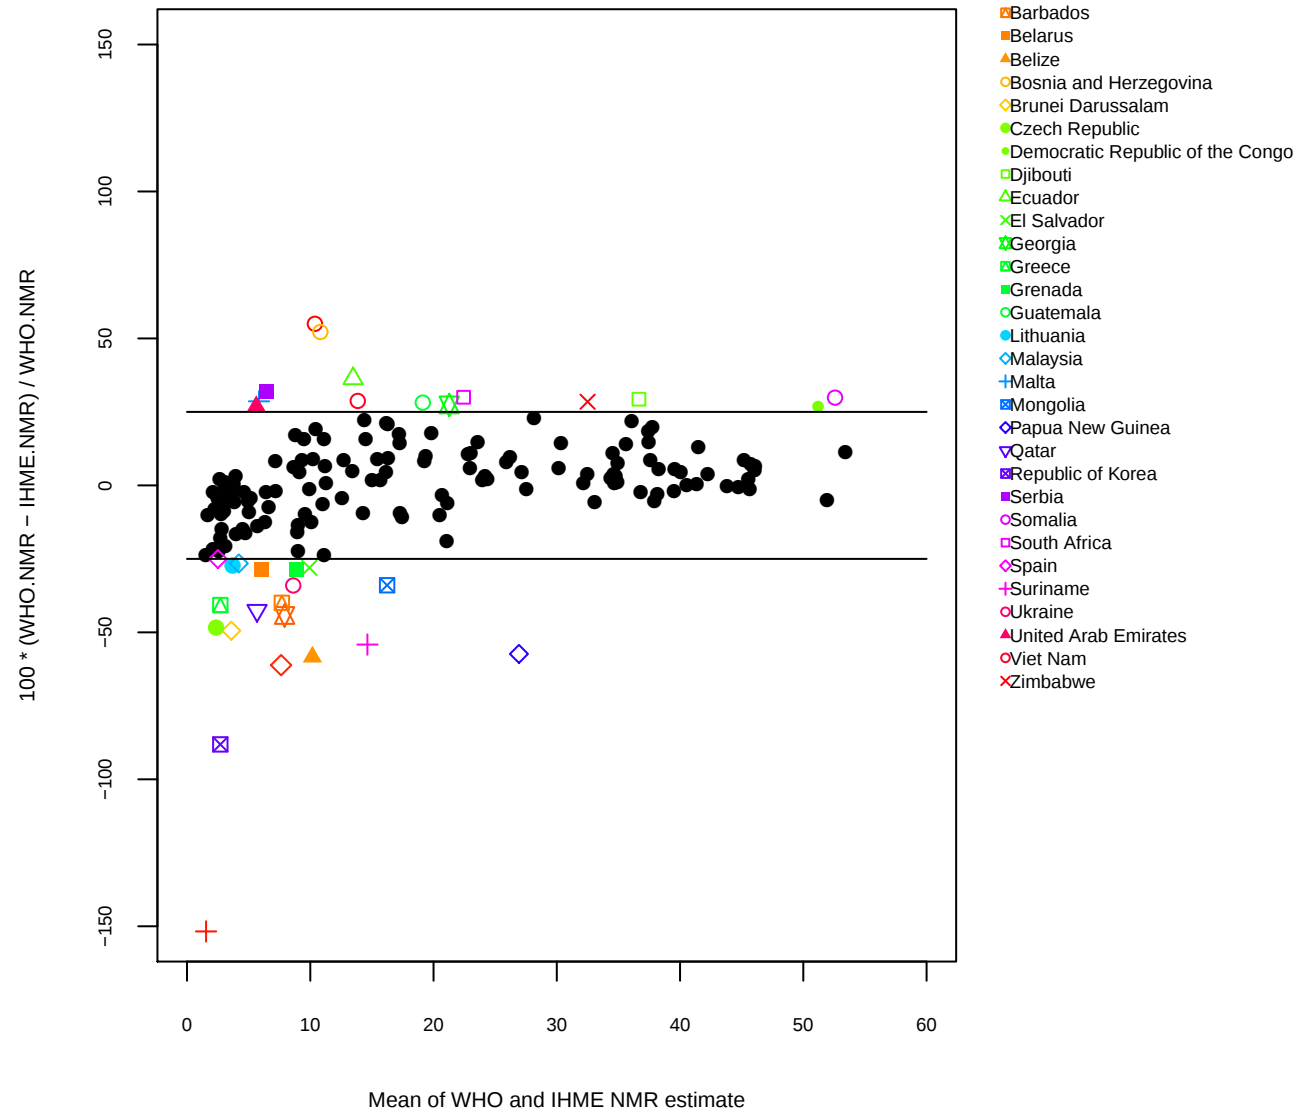

2005
Comparison of WHO and IHME NMR estimates across countries
Countries with greater than (→)25% relative difference are indicated

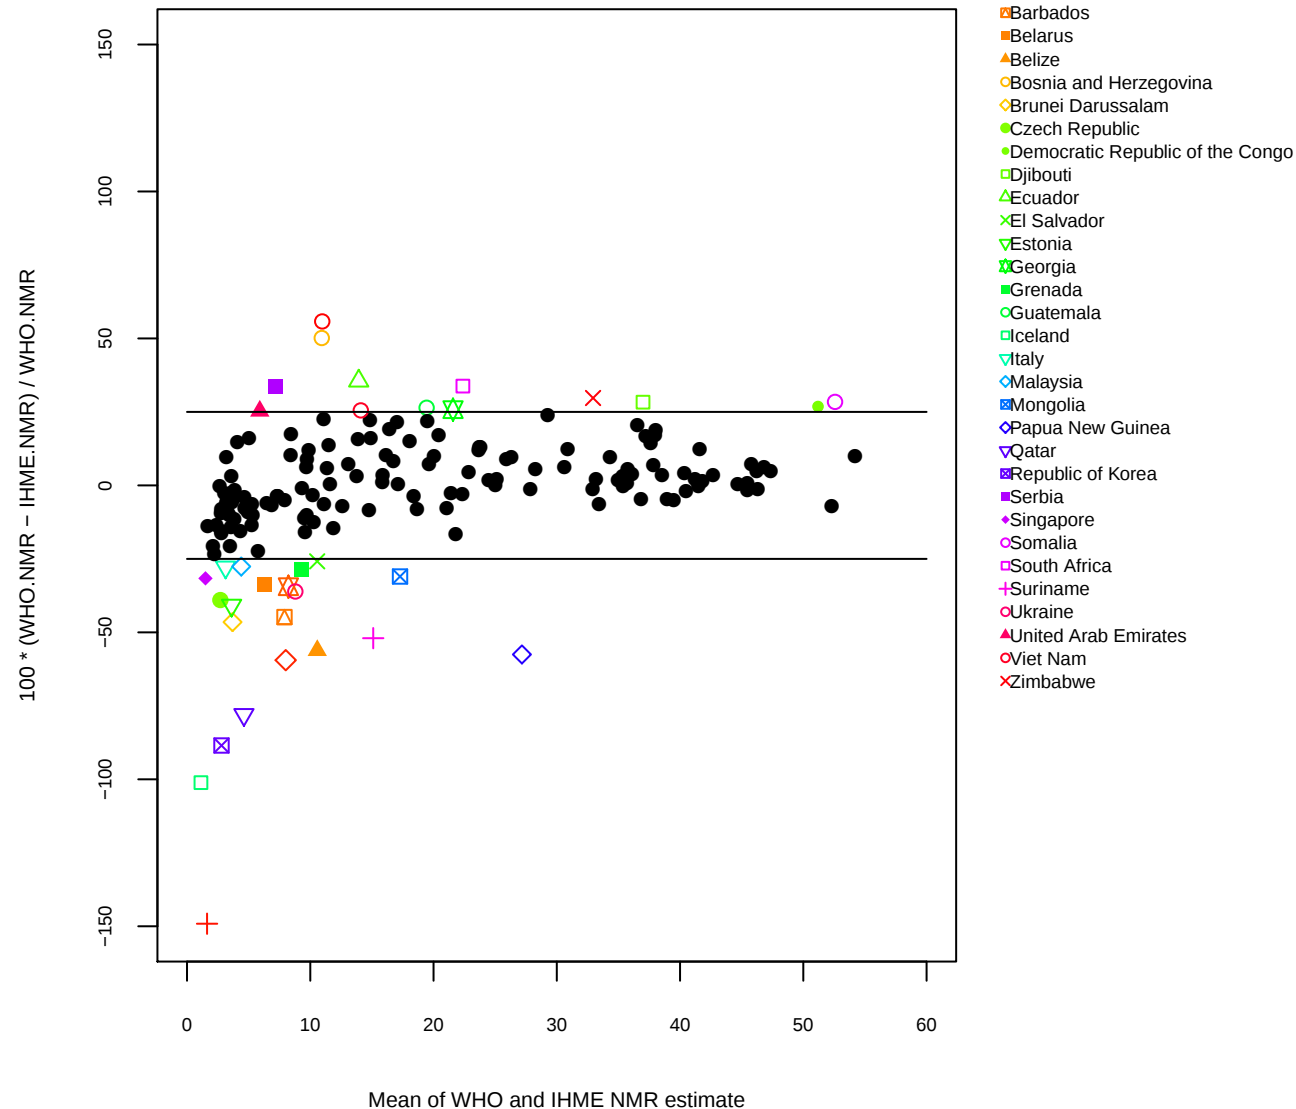

2004
Comparison of WHO and IHME NMR estimates across countries
Countries with greater than ($\pm$)25% relative difference are indicated

2003
Comparison of WHO and IHME NMR estimates across countries
Countries with greater than (→)25% relative difference are indicated

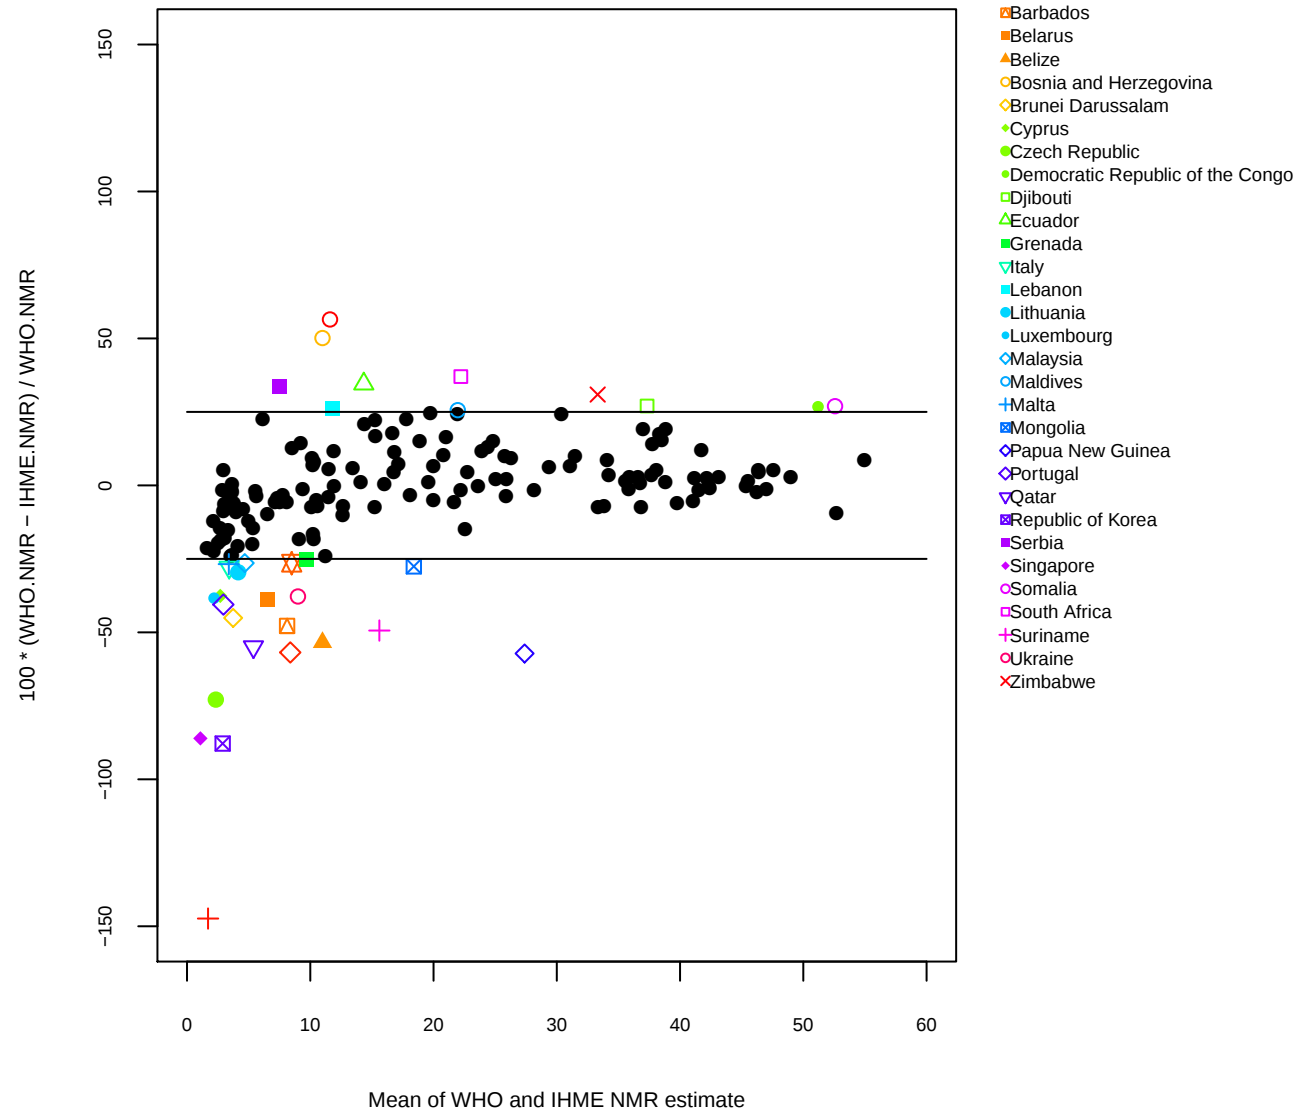

2002
Comparison of WHO and IHME NMR estimates across countries
Countries with greater than (→)25% relative difference are indicated

2001

Comparison of WHO and IHME NMR estimates across countries

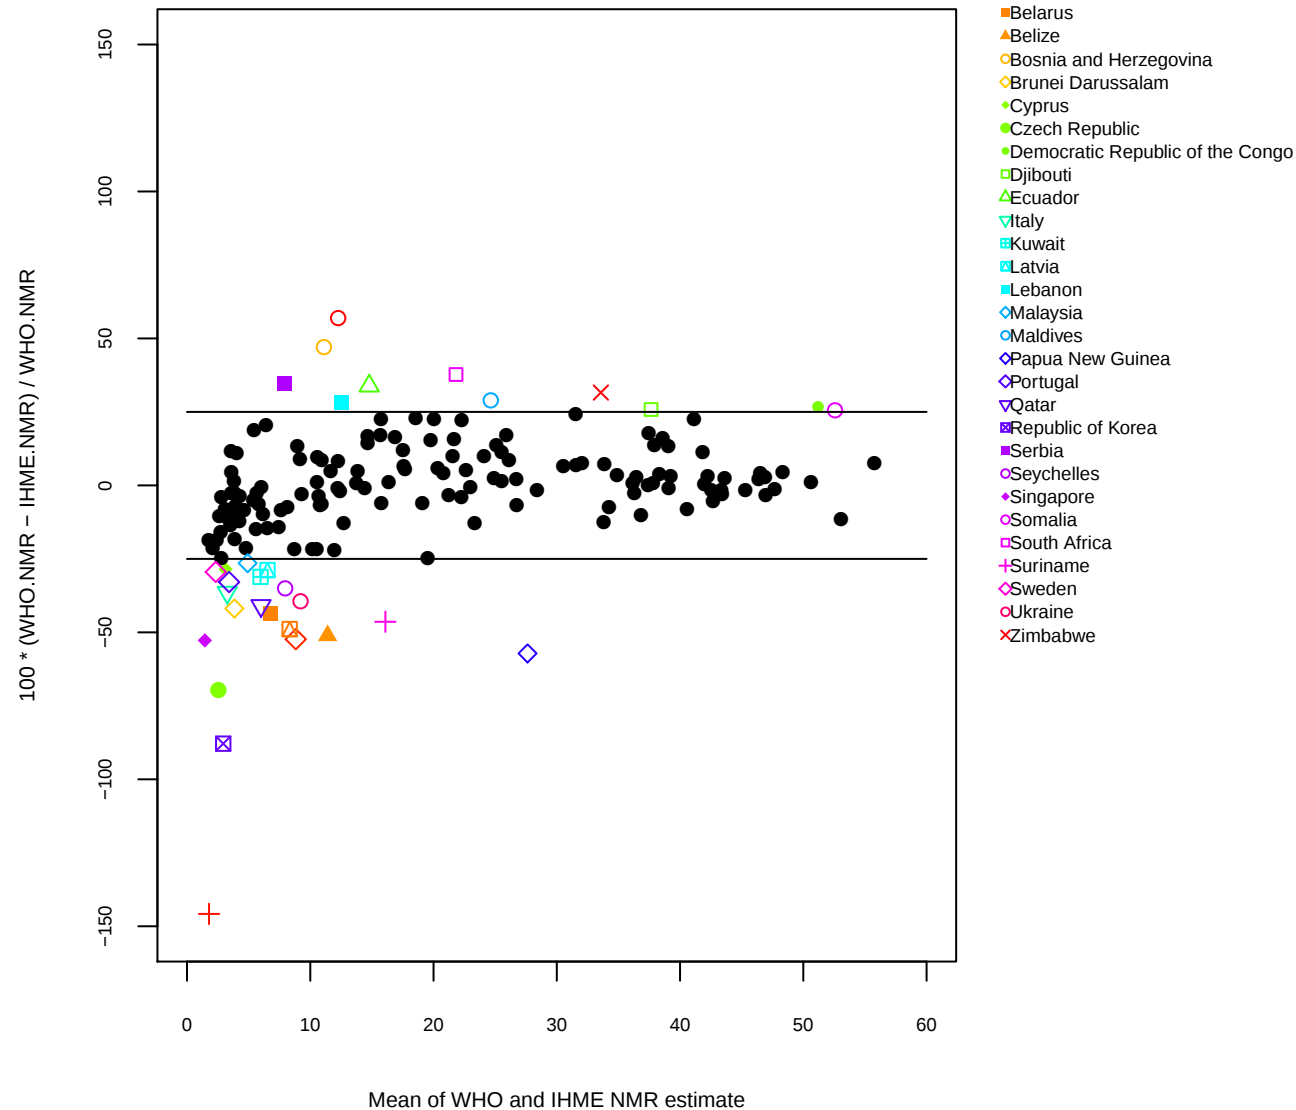

Countries with greater than ($\pm$)25% relative difference are indicated

2000

Comparison of WHO and IHME NMR estimates across countries

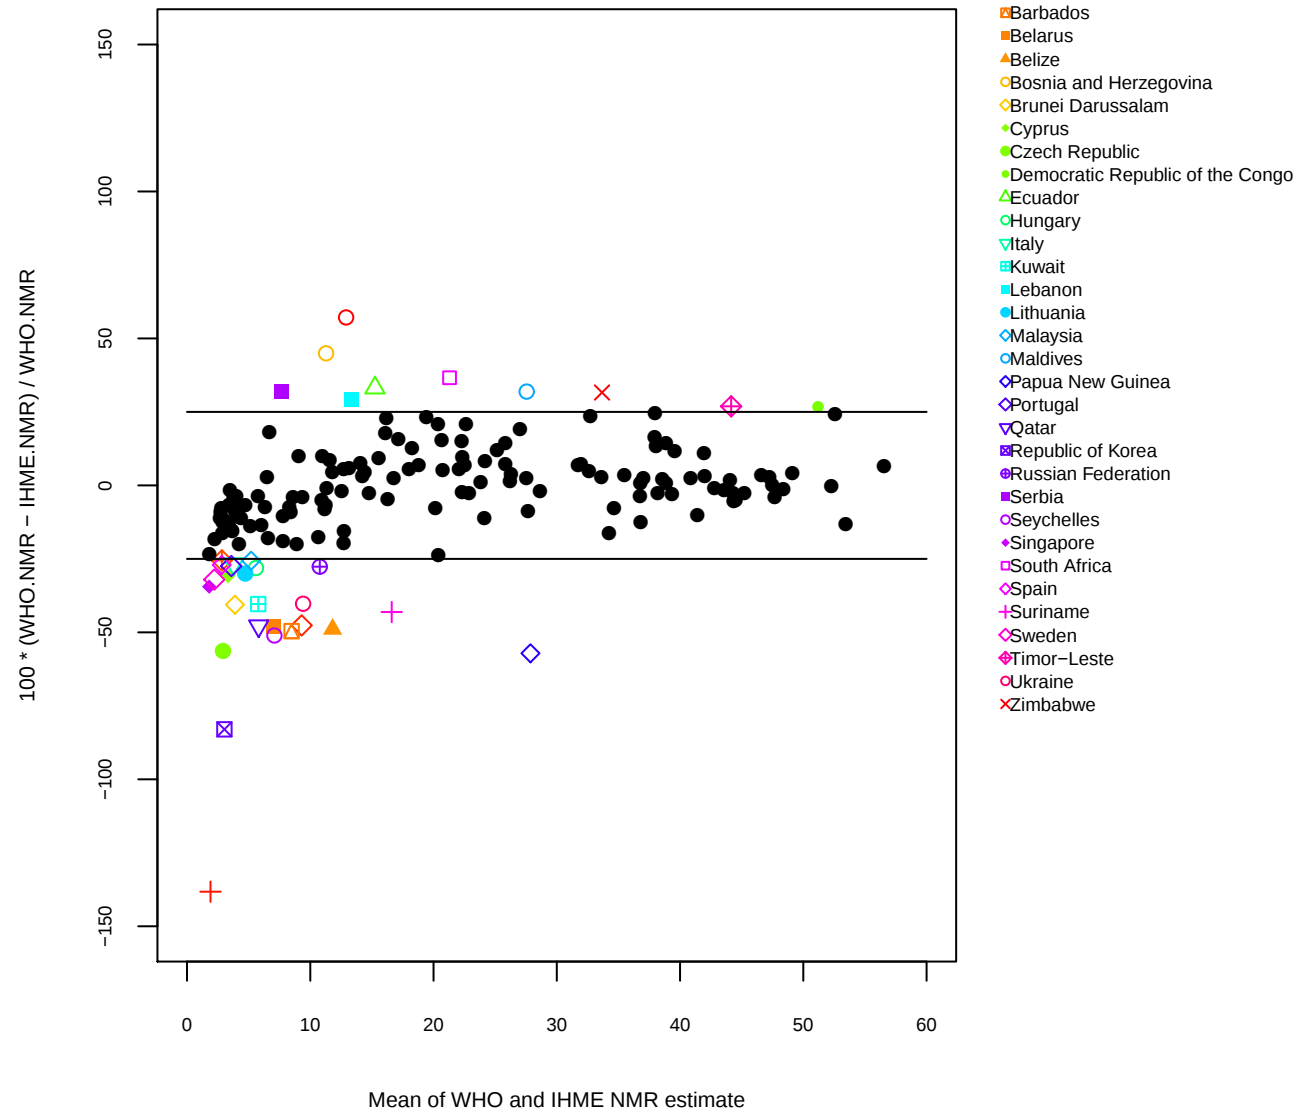

Countries with greater than ($\pm$)25% relative difference are indicated

1999

Comparison of WHO and IHME NMR estimates across countries

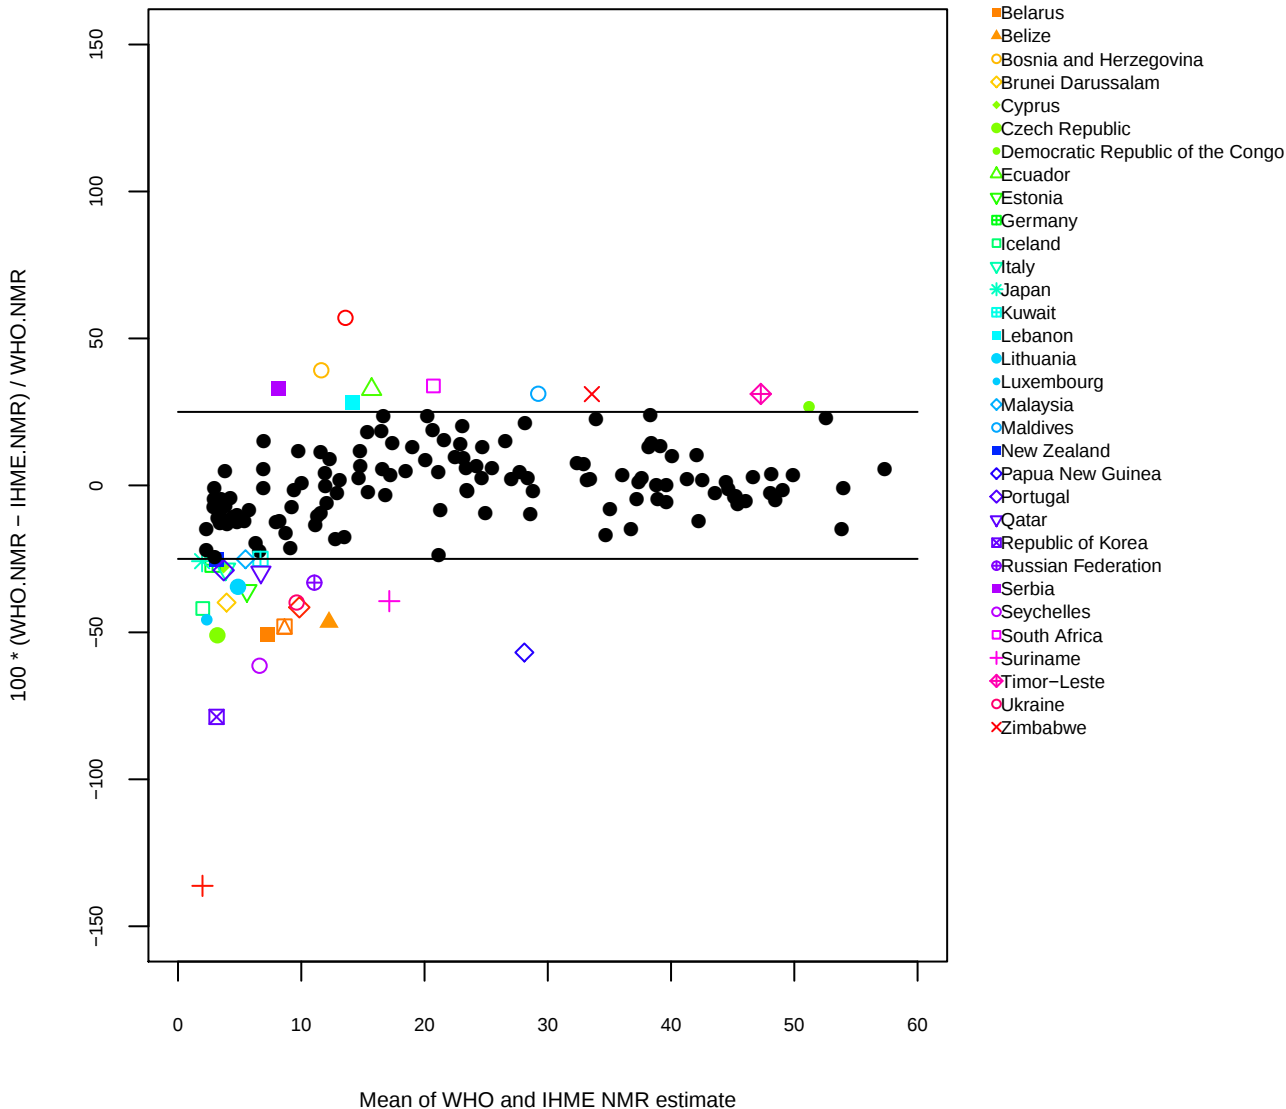

Countries with greater than ($\pm$)25% relative difference are indicated

1998

Comparison of WHO and IHME NMR estimates across countries

Countries with greater than ($\pm$)25% relative difference are indicated

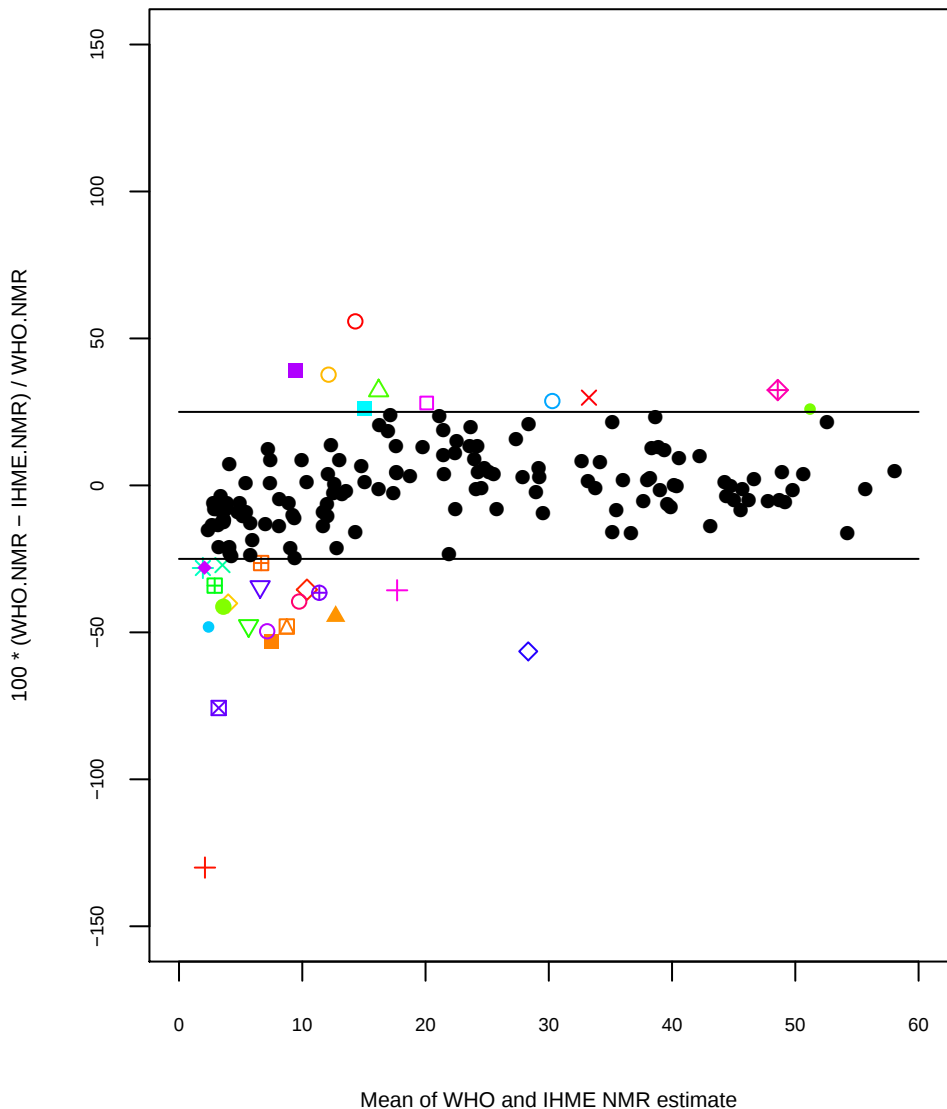

1997

Comparison of WHO and IHME NMR estimates across countries

Countries with greater than ($\pm$)25% relative difference are indicated

- Albania
- + Andorra
- ◇ Antigua and Barbuda
- Bahrain
- ▣ Barbados
- Belarus
- ▲ Belize
- Bosnia and Herzegovina
- ◇ Brunei Darussalam
- Czech Republic
- Democratic Republic of the Congo
- △ Ecuador
- ▽ Estonia
- ▣ Germany
- × Ireland
- * Japan
- Lebanon
- Luxembourg
- Maldives
- ◇ Papua New Guinea
- ▽ Qatar
- ▣ Republic of Korea
- Russian Federation
- Serbia
- Seychelles
- ◆ Singapore
- South Africa
- + Suriname
- ◆ Timor-Leste
- Ukraine
- × Zimbabwe

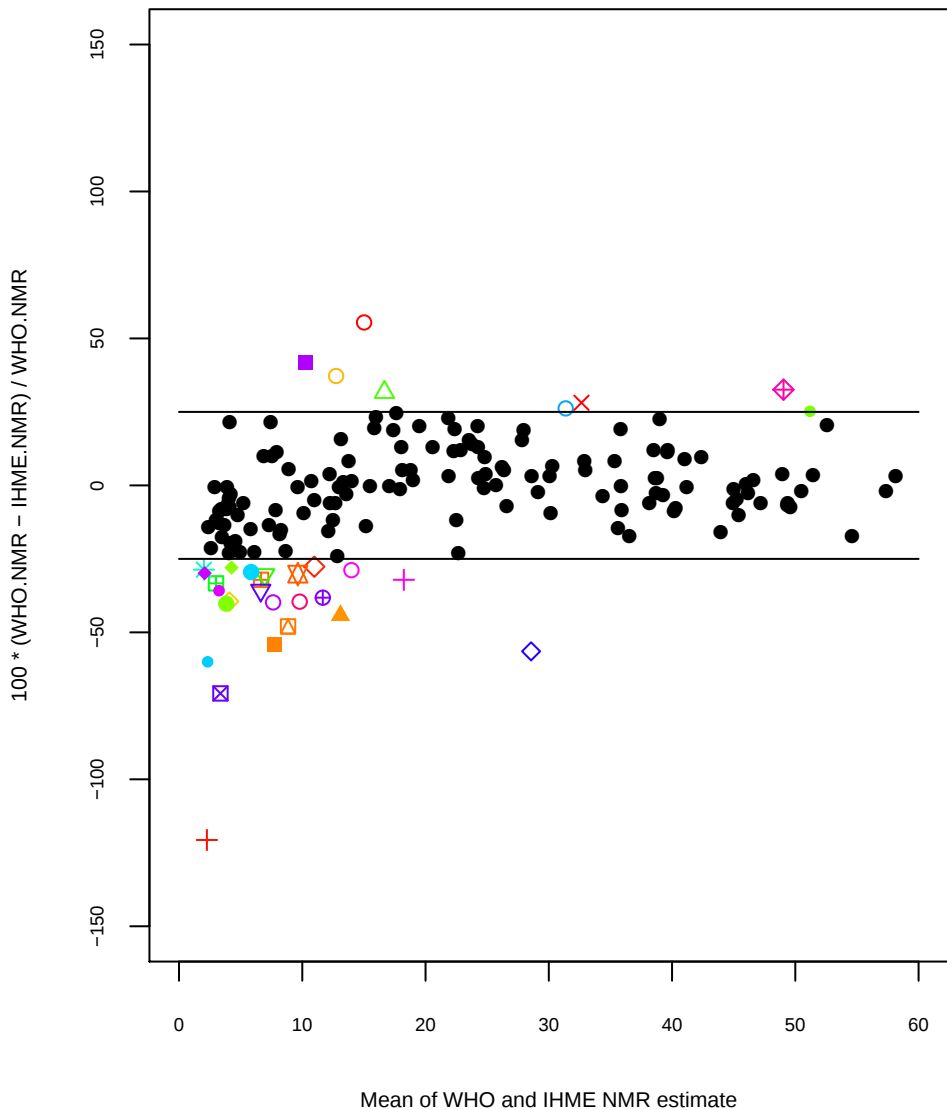

1996

Comparison of WHO and IHME NMR estimates across countries

Countries with greater than ($\pm$)25% relative difference are indicated

- Albania
- + Andorra
- ◇ Antigua and Barbuda
- ⊠ Bahamas
- ⊠ Bahrain
- ⊠ Barbados
- Belarus
- ▲ Belize
- Bosnia and Herzegovina
- ◇ Brunei Darussalam
- ◆ Cyprus
- Czech Republic
- Democratic Republic of the Congo
- △ Ecuador
- ▽ Estonia
- ⊠ Germany
- * Japan
- Lithuania
- Luxembourg
- Maldives
- ◇ Papua New Guinea
- ▽ Qatar
- ⊠ Republic of Korea
- Russian Federation
- Serbia
- Seychelles
- ◆ Singapore
- Slovenia
- Sri Lanka
- + Suriname
- ◆ Timor-Leste
- Ukraine
- × Zimbabwe

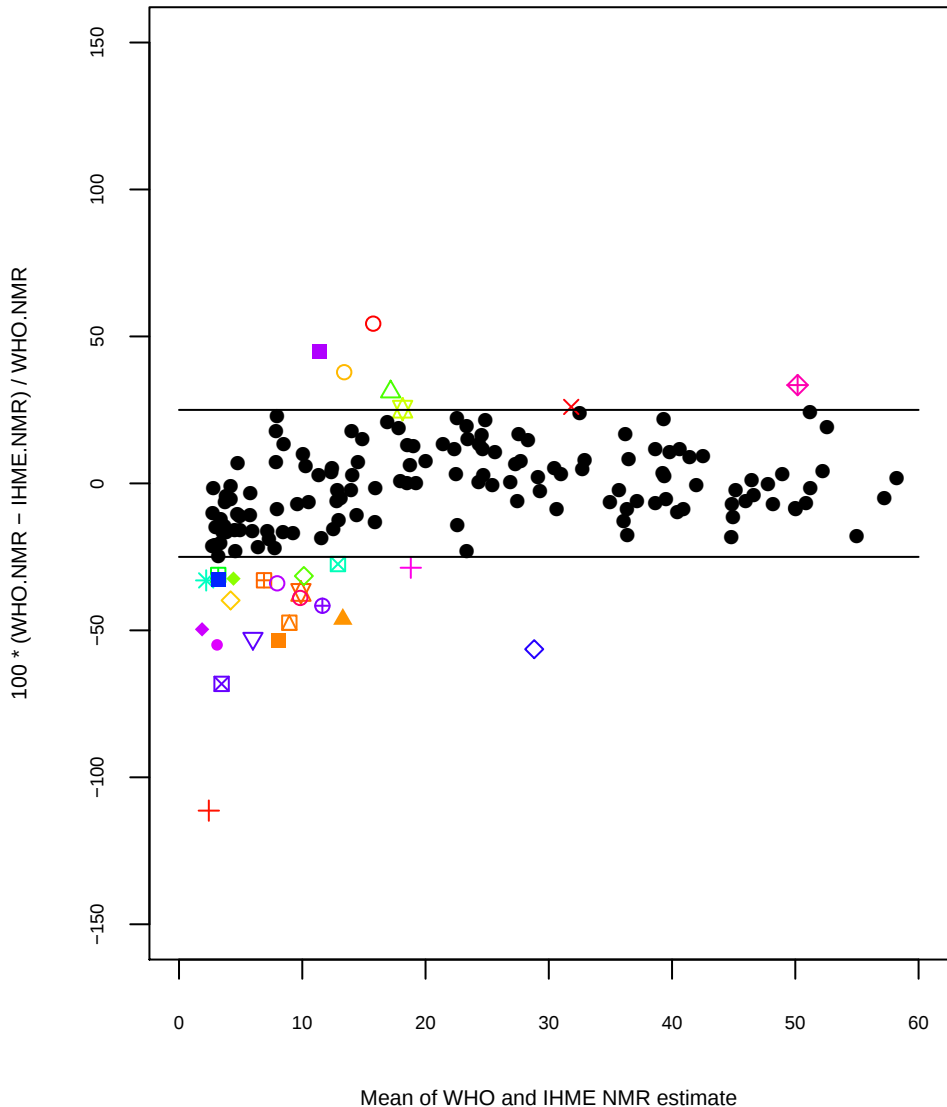

1995

Comparison of WHO and IHME NMR estimates across countries

Countries with greater than ($\pm$)25% relative difference are indicated

- Albania
- + Andorra
- ⊠ Bahamas
- ⊠ Bahrain
- ⊠ Barbados
- Belarus
- ▲ Belize
- Bosnia and Herzegovina
- ◇ Brunei Darussalam
- ✕ Colombia
- ◆ Cyprus
- ◇ Dominica
- △ Ecuador
- ⊠ Germany
- ⊠ Jamaica
- * Japan
- New Zealand
- ◇ Papua New Guinea
- ▽ Qatar
- ⊠ Republic of Korea
- ⊕ Russian Federation
- Serbia
- Seychelles
- ◆ Singapore
- Slovenia
- + Suriname
- ◇ Timor-Leste
- Ukraine
- ✕ Zimbabwe

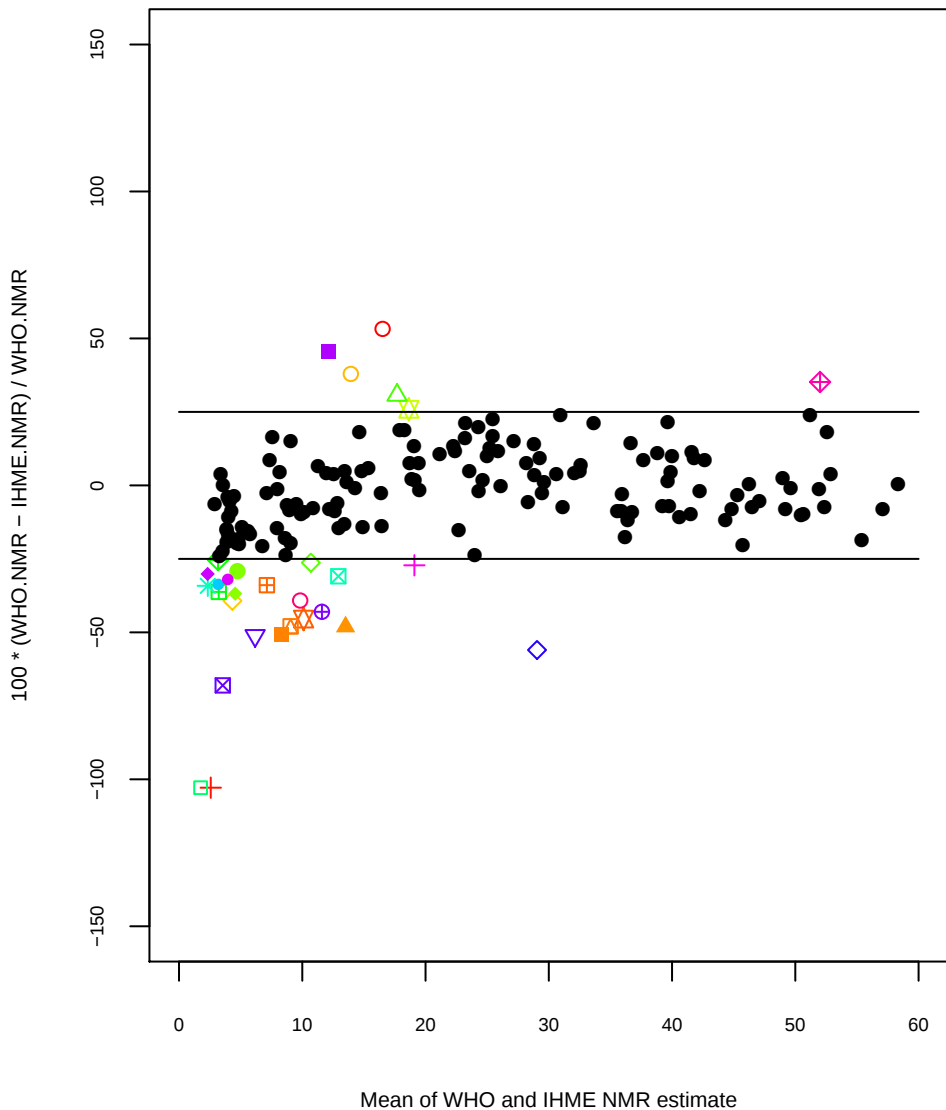

1994

Comparison of WHO and IHME NMR estimates across countries

Countries with greater than ($\pm$)25% relative difference are indicated

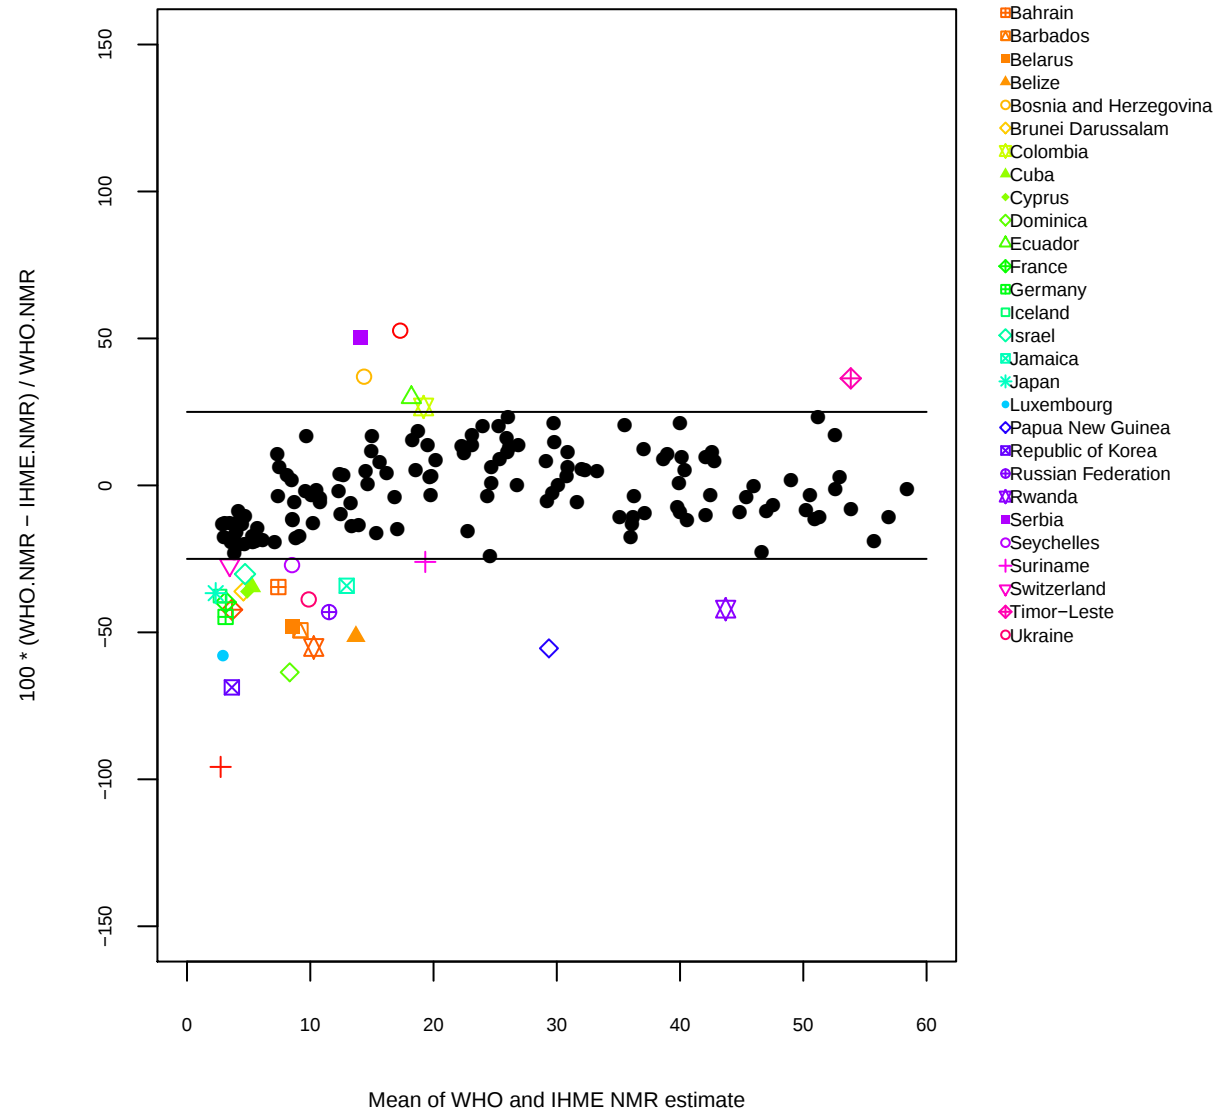

- Albania
- + Andorra
- ⊠ Bahamas
- ⊠ Bahrain
- ⊠ Barbados
- Belarus
- ▲ Belize
- Bosnia and Herzegovina
- ◇ Brunei Darussalam
- ✕ Colombia
- ◆ Cyprus
- Czech Republic
- ◇ Dominica
- △ Ecuador
- ◆ France
- ⊠ Germany
- Iceland
- ⊠ Jamaica
- * Japan
- Luxembourg
- ◇ Papua New Guinea
- ▽ Qatar
- ⊠ Republic of Korea
- ⊠ Russian Federation
- Serbia
- ◆ Singapore
- Slovenia
- + Suriname
- ◆ Timor-Leste
- Ukraine

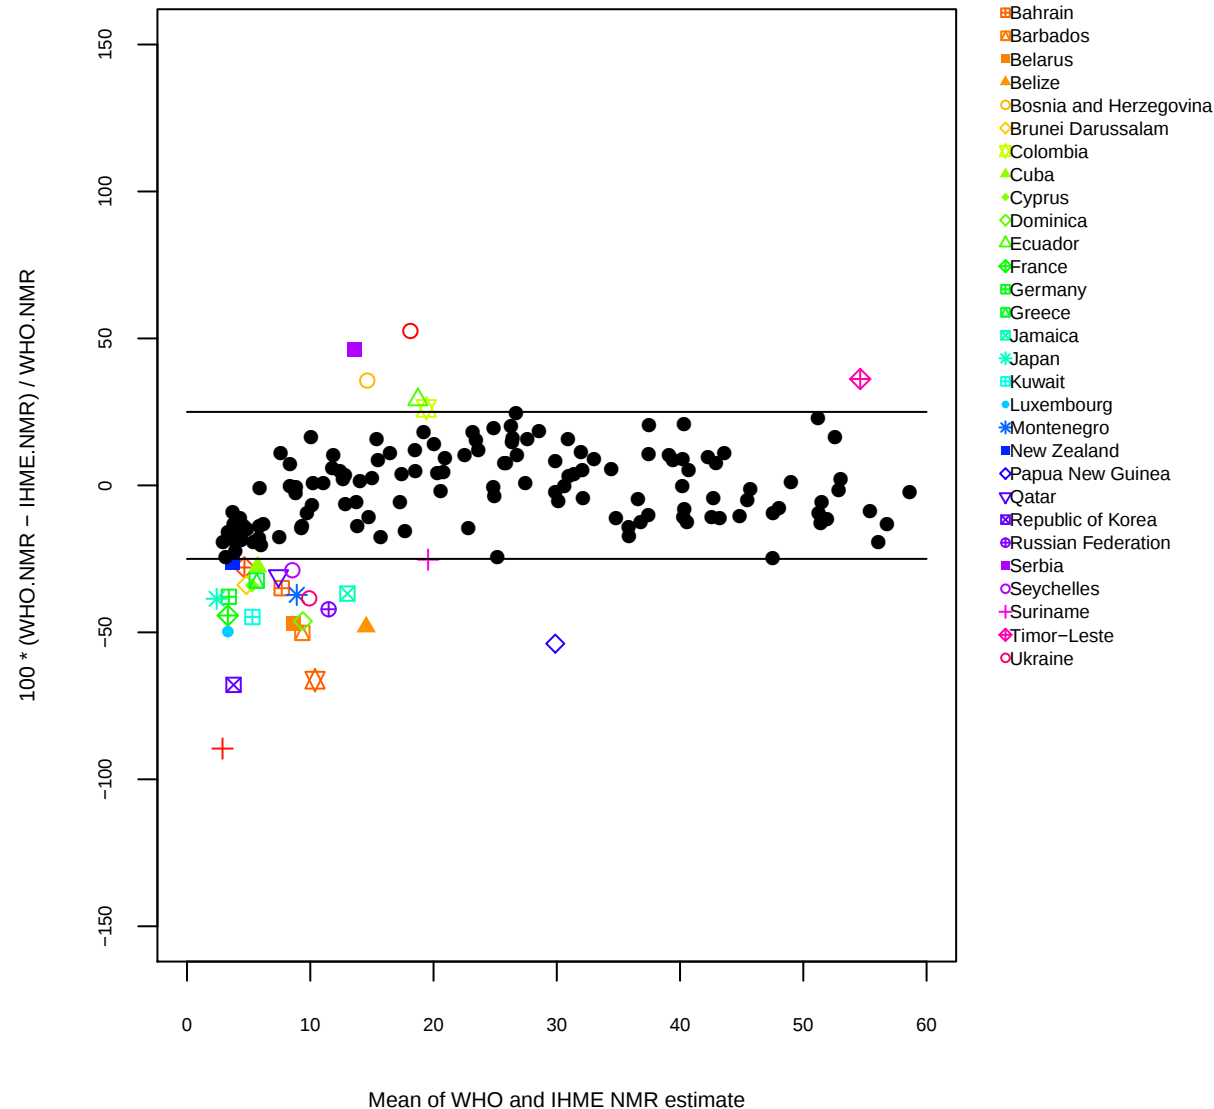

1993

Comparison of WHO and IHME NMR estimates across countries

Countries with greater than ($\pm$)25% relative difference are indicated

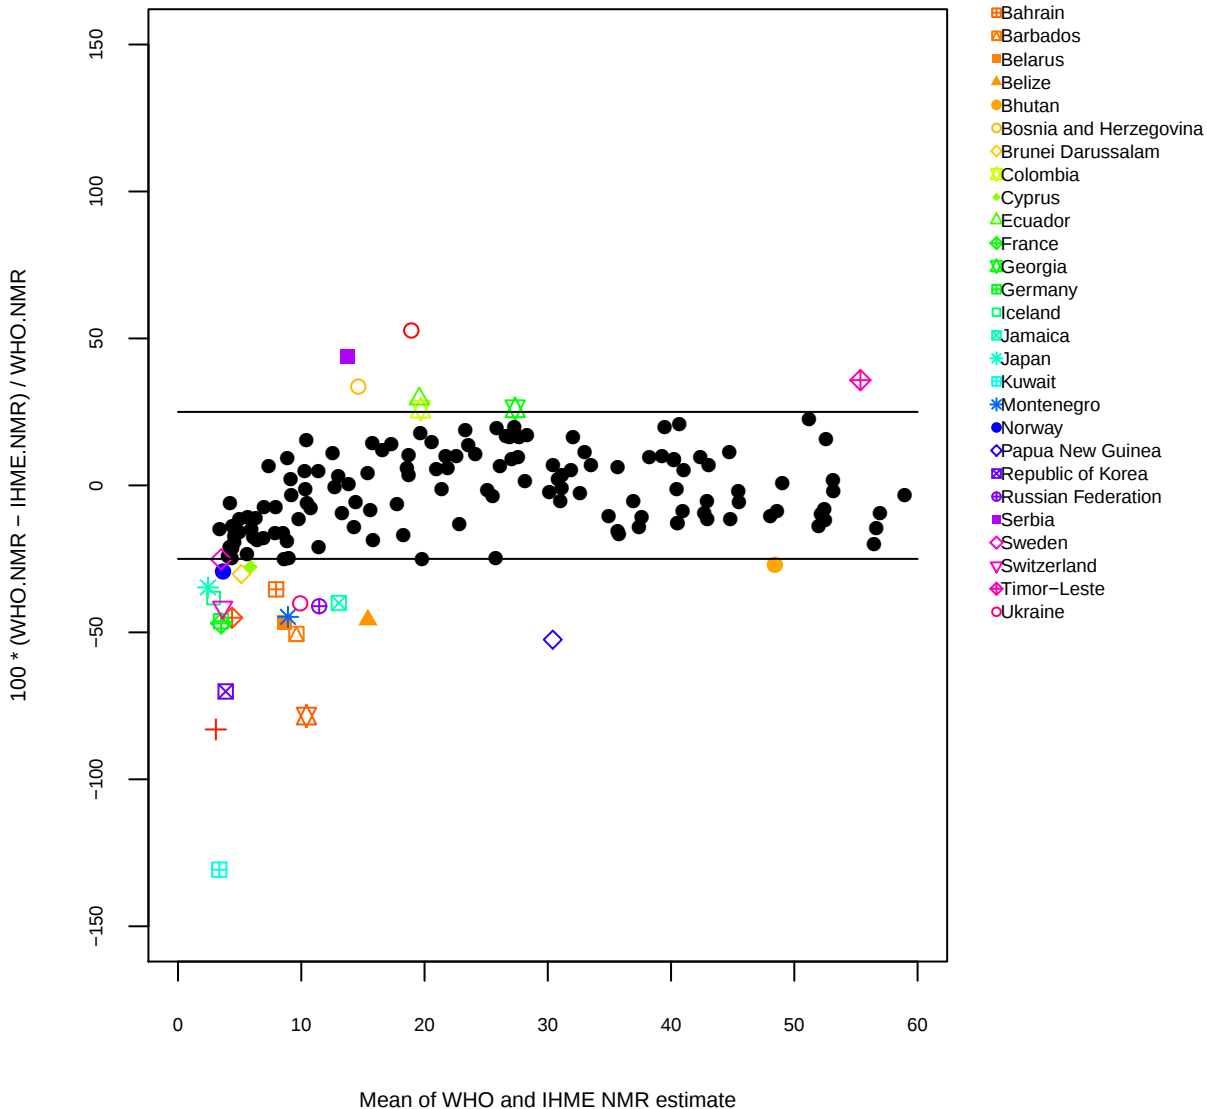

1992
Comparison of WHO and IHME NMR estimates across countries
Countries with greater than (→)25% relative difference are indicated

1991

Comparison of WHO and IHME NMR estimates across countries

Countries with greater than ($\pm$)25% relative difference are indicated

1990

Comparison of WHO and IHME NMR estimates across countries

Countries with greater than ($\pm$)25% relative difference are indicated
