Corrigenda

Directed mutagenesis using PCR

by Laurent Dulau¹, Alain Cheyrou, Denis Dubourdieu¹ and Michel Aigle

Laboratoire de Génétique, Université de Bordeaux II, Avenue des Facultés, 33405 Talence cedex and
¹Institut d'Oenologie, 351 cours de la libération, 33405 Talence cedex, France

Nucleic Acids Research, **17**, 2873 (1989)

The title copy as supplied for publication was incomplete. The full list of authors and their respective addresses is published above.

Sequence of a small ribosomal RNA gene from *Plasmodium lophurae*

by A.P.Waters, T.R.Unnasch, D.F.Wirth and T.F.McCutchan

Nucleic Acids Research, **17**, 1763 (1989)

and

Partial sequence of the asexually expressed SU rRNA gene of *Plasmodium vivax*

by A.P.Waters and T.F.McCutchan

Nucleic Acids Research, **17**, 2135 (1989)

The sequences published in the two above reports were incomplete. Owing to a printing error, the copies submitted by the authors lacked the last 20 nucleotides on each line. The complete versions are published below.
