

Supporting Information-2

A Convergent Synthesis of the Proposed Structure of Antitumor Depsipeptide, Stereocalpin A

Arun K. Ghosh* and Chun-Xiao Xu

*Departments of Chemistry and Medicinal Chemistry, Purdue University,
West Lafayette, IN 47907*

Contents

NMR spectra for the synthetic intermediate and final compounds

NMR for **7** to **14**.....S-26 to S-38

NMR for **16** to **20**.....S-39 to S-47

NMR for **1**S-48 to S-52

10

C13 standard parameters, cryoprobe (#02), CD3OD.

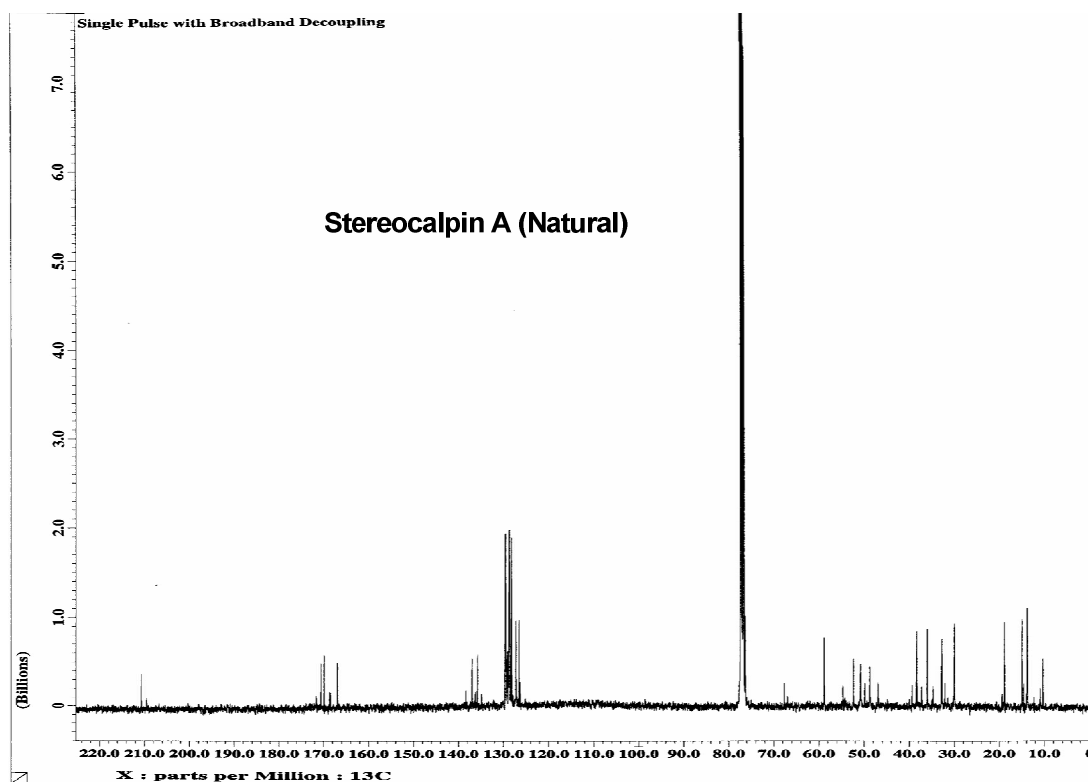

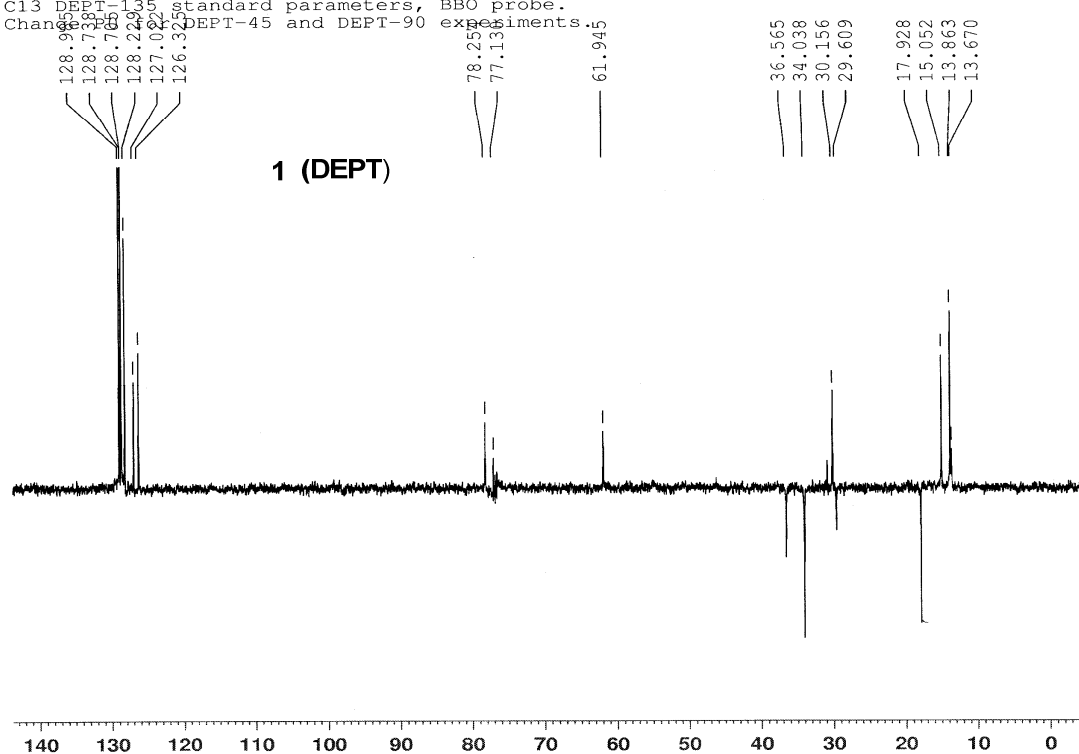

1e Pulse Experiment

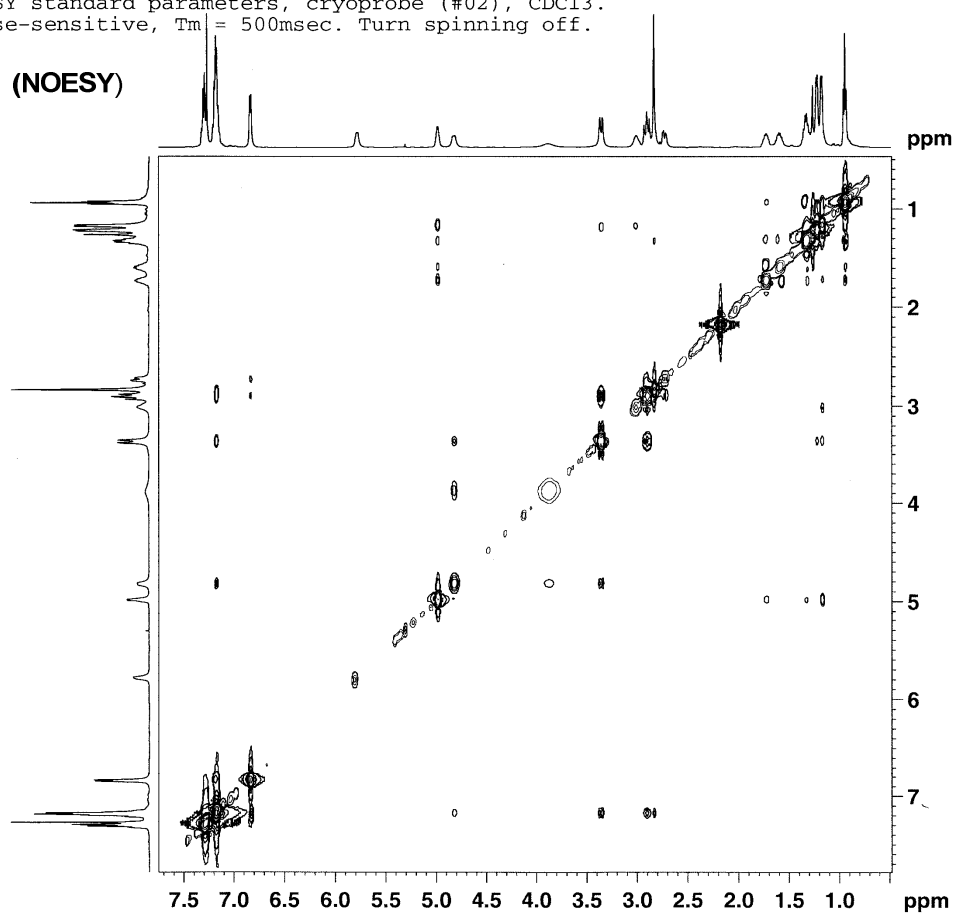

C13 DEPT-135 standard parameters, BBO probe.
 Changes DEPT-45 and DEPT-90 experiments.

1 (COSY)

NOESY standard parameters, cryoprobe (#02), CDCl₃.
Phase-sensitive, T_m = 500msec. Turn spinning off.

1 (NOESY)**1 (HMQC)**

1 (HMBC)
