

FIG S1. Map of the locations from which aerosol samples were collected over approximately a five week time span during summer and winter seasons, 2007. Symbols indicate the four cities surveyed in this study (\blacktriangle = Mayville, \blacksquare = Chicago, IL, \bullet = Detroit, MI, and \blacklozenge = Cleveland, OH). Inset is an expanded view of the Midwest region, U.S.A. Maps reprinted from Google Earth.
