	Class 1	Class 2	Class 3	
				Translation
				Nucleotide metabolic process
				Lipid A biosynthetic process
				DNA replication
				tRNA processing
				rRNA processing
				Sulfur metabolic process
				Type II secretion system
				Cytochrome-c oxidase activity
				Nickel-transporting ATPase activity
				Periplasmic space
				Maleylacetoacetate isomerase activity
				Fatty acid metabolic process
				Flagellar hook
				-
				er-representation g <sub>10</sub> (p-value) = 6
