

FIG. S1. Direct interaction network of significantly altered genes on day 2 after burn injury.

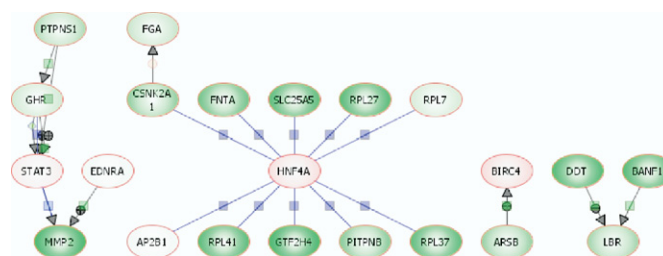

FIG. S2. Direct interaction network of significantly altered genes on day 7 after burn injury.

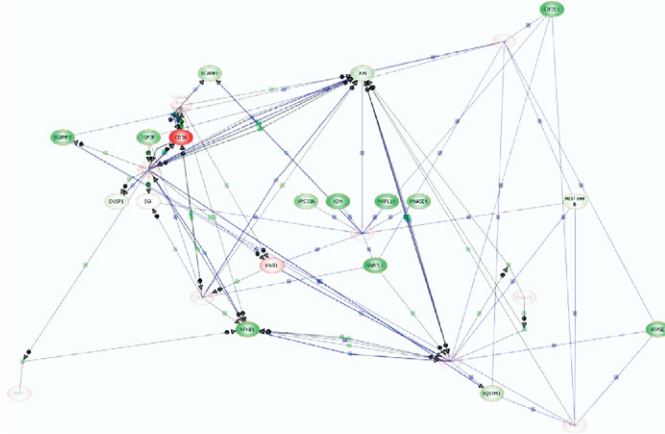

FIG. S3. Relevance network of significantly altered genes on day 2 after burn injury.

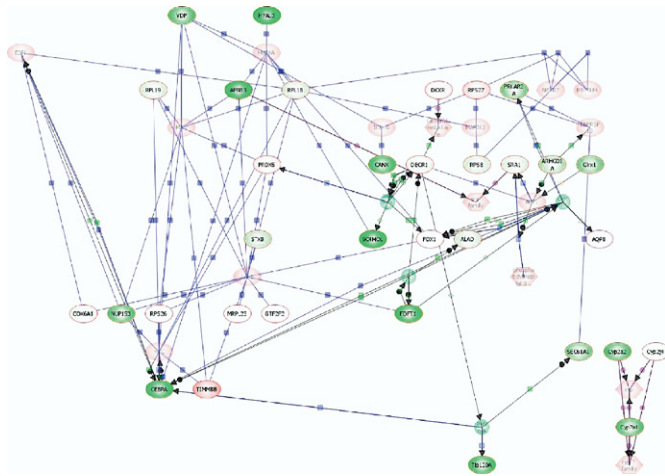

FIG. S4. Relevance network of significantly altered genes on day 4 after burn injury.

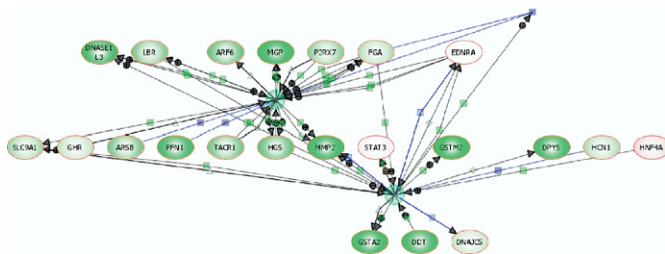

FIG. S5. Relevance network of significantly altered genes on day 7 after burn injury.
