

**Multimedia Appendix 1. Classification of dental phrases with keywords in blue small caps. Table of keywords by category displayed at the end of the classification.**

**1. Systemic Disease**

**1.1 cardiac system**

lowered PLAQUE interface

sticky PLAQUES arrived

ATHEROSCLEROTIC plaques

ARTERIAL plaques

accelerates ATHEROSCLEROSIS apolipoprotein

accelerates atherosclerosis

atherosclerosis APOLIPOPROTEIN deficient

apolipoprotein deficient

TREADMILL result hematoma

dropped treadmill result

atrial fibrillation

MYOCARDIAL infarction

remain placement catheter

sudden CARDIAC arrest

cardiac arrest

aortic valves

vessels stenosis

coronal vessels STENOSIS

adverse events crestor

ENDOTHELIAL DYSFUNCTION

interval PULSES

PERIPHERAL arterial

attacks strokes

marfan SYNDROME

**1.2 nervous system**

NEUROTOXIC EFFECTS nervous

EPISODIC migraine

EPISODE PORPHYRIA

trigger episode porphyria

peripheral NEUROPATHY

ALZHEIMER alzheimer alzheimer

hypnotic trance

NEURONS firing

**1.3 infectious disease**

community acquired PNEUMONIA

CHLAMYDIA mycoplasma

chlamydia PNEUMONIAE

SHINGLES acyclovir

herpes ZOSTER

zoster shingles

hematogenous spread

**1.4 general care**

incident triggered history

terminal RESUSCITATE placed

terminal resuscitate

### **1.5 orthopedic**

tendon rupture  
rheumatoid ARTHRITIS  
artificial joints

### **1.6 uro-genital system**

genital urinary  
estrogen deficiency  
metabolic syndrome  
preterm births

## **2. Endodontics**

### **2.1 diagnosis**

irreversible PULPITIS apical  
pulpitis MAXILLARY radiographically  
orifices PULPAL  
possibilities pulpal exposure  
LESION resorption progressed

### **2.2 treatment**

filled OBTURATION MEDICATE  
obturation medicate period  
fistula filled obturation  
obturation medicate  
pulpal EXPOSURE entering  
exposure entering latter

draining fistula filled  
draining FISTULA  
actively draining fistula  
actively draining  
irreversible pulpitis

### **2.3 cosmetic**

retreat SURGICALLY BLEACH  
surgically bleach internally

## **3. Orthodontics**

### **3.1 retainer**

retainer answers ORTHODONTISTS  
retainers scares proper  
removable nightly RETAINER  
nightly retainer answers

### **3.2 progressive**

progressive ORTHODONTICS  
hearing progressive orthodontics

### **3.3 development**

MANDIBULAR erupted intact  
premolars addition substitution

## **4. Periodontics**

### **4.1 prevention**

maintaining PERIODONTALLY discussed  
terrible maintaining periodontally  
hygienist CALCULUS tartar  
calculus tartar difficult  
calculus tartar  
supragingival scaling prophylaxis

#### **4.2 diagnosis**

pericoronitis PERICORONITIS  
fracture periodontally stable

#### **4.3 ultrasound**

intensity pulsed ULTRASOUND  
PULSED ultrasound

#### **4.4 etiology**

OSTEOCLAST formation  
OSTEOCLASTIC activity

### **5. Restorative Dentistry**

#### **5.1 diagnosis**

CORONAL remnants deciduous  
coronal remnants  
NONRESTORABLE possibilities thought  
nonrestorable possibilities

#### **5.2 instruments**

torque wrench  
turbine HANDPIECES

#### **5.3 fabrication**

fabrication MATRIX slightly  
veneer fabrication matrix  
sandblasting zirconia  
inlays onlays  
prepped trimmed

#### **5.4 occlusion**

occlusion LOOSENERED severely  
loosened severely period  
loosened severely  
centric longer touching  
prepping cuspids  
vertical dimension  
LATERAL excursions  
PARAFUNCTIONAL forces

#### **5.5 esthetic**

academy comprehensive esthetics  
refresh SHADES  
refresh shades replaced

#### **5.6 function**

FUNCTIONS speaking swallowing

#### **5.7 temporary treatment**

TEMPORARILY restore CARIOUS  
interim TEMPORARY maintainer

#### **5.8 relines**

permanent chairside RELINES  
chairside relines therefore  
chairside relines

#### **5.9 splint**

provisional SPLINTS  
distally besides SPLINTING

#### **5.10 mineralization**

demineralization enamel enhances  
recovery demineralized enamel  
recovery demineralized  
readily demineralized enamel  
readily DEMINERALIZED  
demineralized enamel CARIOGENIC  
enamel cycles DEMINERALIZATION  
cycles demineralization  
inhibits demineralization enamel  
saliva inhibits demineralization  
inhibits demineralization  
  
demineralization REMINERALIZATION continue  
cycles demineralization remineralization  
demineralization remineralization  
remineralization recovery demineralized  
enhances remineralization recovery  
enamel enhances remineralization  
enhances remineralization

CALCIUM phosphate MINERALIZED  
phosphate mineralized enamel  
phosphate mineralized  
MINERAL density  
calcium phosphate

#### **5.11 buffering**

neutral BUFFERING capacity  
saliva neutral buffering  
neutral buffering  
buffering capacity present  
buffering capacity  
SALIVA calcium phosphate

#### **5.12 other**

EMERGENCE profiles  
emergence profile  
scars proper MAXILLARY  
accurately damage framework  
MAXILLA MANDIBLE predictable  
DISINFECTING impressions  
fluorescence measurements

## **6. Oral and Maxillofacial Surgery**

### **6.1 diagnosis**

painful **SEQUESTRUM** lingual  
painful sequestrum  
presented painful sequestrum  
result hematoma partner  
**HEMATOMA** partner painful  
hematoma partner  
septic **ARTHRITIS OSTEOMYELITIS**  
osteomyelitis **ANAEROBIC**  
osteonecrosis secondary **BISPHOSPHONATE**  
**OSTEONECROSIS** secondary  
depressed sockets  
remnants deciduous  
linear lesion triangular  
**LESION** triangular shaped  
triangular shaped **ULCERS**  
**LATERALS** canines  
**ASYMPTOMATIC BILATERAL** opposite  
asymptomatic bilateral

### **6.2 other**

minimally **INVASIVE**  
tonsils **TONSILS**  
**SALIVARY** glands  
thinks retreat **SURGICALLY**  
extracting **MANDIBULAR** erupted  
lancet **INFECT** author  
lancet infect  
socket inferior **ALVEOLAR**

## **7. Other Oral Diseases**

### **7.1 oral cancer**

**LICHEN** planus biopsy  
lichen planus  
marrow transplant

### **7.2 skin / mucosa**

**HERPES** simplex causes  
herpes simplex  
recurrent **APHTHOUS**  
aphthous **ULCERS**

## **8. Radiology**

phosphor plates  
optical **SCANNING**  
scanning **ELECTRON**  
electron microscope  
interventional **RADIOLOGY**

**MAXILLARY RADIOGRAPHICALLY** flying  
radiographically flying europe

## **9. Causative Agent**

### **9.1 bacteria**

predominant **ANAEROBES**

growth mutans streptococci  
mutans streptococci presence  
mutans **STREPTOCOCCI SALIVARY**  
mutans streptococci  
staphylococcus aureus

conclude invasive **GINGIVALIS**  
invasive gingivalis accelerates  
gingivalis accelerates **ATHEROSCLEROSIS**  
porphyromonas gingivalis

**FUSOBACTERIUM** peptostreptococcus  
**HELICOBACTER** pylori  
**PNEUMOCOCCAL BACTEREMIA**  
actinomycetemcomitans rectus

## **9.2 behavioral factors**

coffee **SMOKER** drinks  
smoker drinks cranberry  
**SMOKELESS** tobacco

various **DIETARY** sugars  
dietary sugars  
brushing flossing

## **10. Medication**

### **10.1 immune system**

**MEDICATION** allergies **CONTRAINDICATIONS**  
**ALLERGIES** contraindications **PRESCRIBED**  
allergies contraindications  
**EFFECTIVENESS PNEUMOCOCCAL** vaccine  
epinephrine anaphylaxis  
**PROINFLAMMATORY** cytokines

### **10.2 antibiotics**

contraindications prescribed amoxicillin  
prescribed amoxicillin hydrocodone  
**AMOXICILLIN** hydrocodone friend  
amoxicillin hydrocodone  
antimicrobial agents  
tylenol codeine  
broader spectrum

### **10.3 cardiac system**

propofol **PROPOFOL**

### **10.4 anesthesia**

valium triazolam  
**PARESTHESIAS** solutions **ARTICAINE**  
paresthesias solutions  
viscous **LIDOCAINE** benadryl  
**XYLOCAINE CARBOCAINE**

### **10.5 complementary and alternative medicine**

complementary **MEDICINE** chiropractic  
pharmaceutical herbal remedy

herbal remedy  
**HERBAL** remedies  
homeopathic **REMEDY**  
vitamins **NUTRITIONAL**

#### **10.6 cancer drugs**

considers possible methotrexate  
**METHOTREXATE** causative factor  
methotrexate causative  
intravenous **BISPHOSPHONATES**

#### **10.7 other**

**NARCOTICS** integral practicing  
narcotics integral  
documented **PREScribe** carefully  
**SALINE** sodium bicarbonate  
saline irrigating  
reflex anybody placebo  
compounding pharmacy

### **11. Materials**

#### **11.1 bleaching**

carbamide **PEROXIDE**  
hydrogen peroxide  
**SODIUM** bicarbonate  
sodium perborate

#### **11.2 resin materials**

resins lining beverage  
bonded **RETAINERS** scares  
phosphoric **PRIMER**  
scotchbond primer activated  
scotchbond primer  
primer activated primer  
**LESION** geristore ionomer  
geristore **IONOMER** location  
geristore ionomer  
**ADHESIVE** interface adhesive  
adhesive flocked adhesive  
expressed **FLOCKED** pooling  
flocked pooling material  
flocked adhesive expressed  
flocked adhesive  
adhesive expressed flocked  
adhesive flocked  
**ULTRADENT** continually syringes  
continually syringes ultradent  
continually syringes  
oraseal ultradent continually  
**HELIOMOLAR** filtek supreme  
heliomolar filtek

#### **11.3 microlux**

expensive purchasing microlux  
purchasing **MICROLUX**  
purchasing microlux addent

addent microlux  
microlux addent

#### **11.4 anesthesia**

anesthetic NEEDLES manufactures  
needles manufactures manufactures  
manufactures manufactures needles

#### **11.5 mercury toxicity**

reward MERCURY assured  
contain mercury NEUROTOXIC

#### **11.6 oral and maxillofacial surgery**

FREEZE mineralized  
FROZEN concentrate

#### **11.7 other**

blaylock fluoride  
triangular shaped HANDPIECE  
resorbable RESORBABLE  
resilon percha  
cotton pellet

### **12. Basic Sciences**

#### **12.1 inflammation**

FUNCTION glucose homeostasis  
glucose homeostasis  
GLUCOSE homeostasis INFLAMMATION

#### **12.2 anatomy**

dental tubules  
inferior ALVEOLAR distal  
inferior alveolar  
PERIPHERAL fibers  
mental foramen  
mucous membranes

#### **12.3 other**

molecular BACTERIAL antigens  
breaking biofilm orifices  
microbiology immunology  
touted interproximal

### **13. Research**

#### **13.1 literature**

pubmed indexed MEDLINE  
PUBMED indexed  
indexed medline  
PERIODONTOL [sic] pubmed

#### **13.2 methods and statistics**

examiner reproducibility  
RANDOMIZED controlled trials  
RANDOMLY assigned  
linear regression  
confidence interval

inclusion criteria  
causative factor coincidence  
comparative EFFECTIVENESS  
morbidity mortality  
**NUTRITION** examination survey

### **13.3 funding**

clinic federally **FUNDED**  
federally funded  
funded grants  
principal investigator  
council scientific affairs

**Table. Keyword by category**

<b>Keyword (including variants and closely related words)</b>	<b>Category</b>
1. plaque, plaques	1
2. atherosclerosis, atherosclerotic	1, 9
3. arterial	1
4. apolipoprotein	1
5. treadmill	1
6. cardiac, myocardial, endothelial	1
7. stenosis	1
8. pulses, pulsed	1, 4
9. episode, episodic	1
10. porphyria	1
11. alzheimer	1
12. pneumonia, pneumoniae, pneumococcal	1, 9, 10
13. chlamydia	1
14. shingles, zoster	1
15. resuscitate	1
16. syndrome	1
17. arthritis	1, 6
18. pulpitis, pulpal	2
19. maxilla, maxillary	2, 5, 8
20. obturation	2
21. medicine, medicate, medication	2, 10
22. exposure	2
23. fistula	2
24. surgically	2, 6
25. bleach	2
26. retainer, retainers	3, 11
27. orthodontics, orthodontists	3
28. mandible, mandibular	3, 5, 6
29. periodontally, periodontol [sic]	4, 13
30. calculus	4
31. pericoronitis	4
32. ultrasound	4
33. osteoclast, osteoclastic	4
34. coronal	5
35. nonrestorable	5

36.	matrix	5
37.	loosened	5
38.	lateral, laterals, bilateral	5, 6
39.	function, functions, parafunctional, dysfunction	1, 5, 12
40.	temporary, temporarily	5
41.	shades	5
42.	carious, cariogenic	5
43.	relines	5
44.	splints, splinting	5
45.	mineral, mineralized, demineralized, demineralization, remineralization	5
46.	calcium	5
47.	saliva, salivary	5, 6, 9
48.	buffering	5
49.	emergence	5
50.	sequestrum	6
51.	hematoma	6
52.	osteomyelitis	6
53.	bisphosphonate, bisphosphonates	6, 10
54.	osteonecrosis	6
55.	lesion	2, 6, 11
56.	ulcers	6, 7
57.	asymptomatic	6
58.	invasive	6
59.	tonsils	6
60.	infect, disinfecting	5, 6
61.	lichen	7
62.	herpes	7
63.	aphthous	7
64.	electron	8
65.	scanning	8
66.	radiology, radiographically	8
67.	anaerobes, anaerobic	6, 9
68.	streptococci	9
69.	gingivalis	9
70.	fusobacterium, helicobacter, bacteremia	9, 12
71.	smoker, smokeless	9
72.	dietary	9
73.	contraindications	10
74.	prescribe, prescribed	10
75.	effects, effectiveness	1, 10, 13
76.	inflammation, proinflammatory	10, 12
77.	amoxicillin	10
78.	propofol	10
79.	articaine, lidocaine, xylocaine, carbocaine	10
80.	paresthesias	10
81.	herbal	10
82.	remedy	10
83.	nutritional, nutrition	10, 13
84.	methotrexate	10
85.	narcotics	10
86.	saline	10
87.	peroxide	10

88.	sodium	11
89.	primer	11
90.	ionomer	11
91.	adhesive	11
92.	flocked	11
93.	ultradent	11
94.	heliomolar	11
95.	microlux	11
96.	needles	11
97.	mercury	11
98.	neurons, neurotoxic, neuropathy	1, 11
99.	freeze, frozen	11
100.	handpiece, handpieces	5, 11
101.	resorbable	11
102.	glucose	12
103.	alveolar	6, 12
104.	peripheral	1, 12
105.	medline	12
106.	randomized, randomly	13
107.	pubmed	13
108.	funded	13
