Familiarity ratings (FR), word length in syllables (# syll), and word length in phonemes (# phon) for each target picture label (picture name) and Semantically-Related probe word. Also shown is the lexical item used for the word verification (Check) and its familiarity rating; a blank in this space indicates that the probe word was followed by itself for the word verification.

<b>Picture Name</b>	<b>FR</b>	<b># Syll</b>	<b># Phon</b>	<b>Phonologically-Related Probe</b>	<b>FR</b>	<b># Syll</b>	<b># Phon</b>	<b>Check</b>	<b>FR</b>
