

Supporting Information

Chickarmane et al. 10.1073/pnas.1200636109

Movie S1. Movie of growth and division, displaying the maintenance of CLV3, WUS, Type A ARR, and Type B ARR spatial profiles, assuming all cells express cytokinin receptors.

[Movie S1](#)

Movie S2. Movie of growth and division, displaying the maintenance of CLV3, WUS, Type A ARR, and Type B ARR spatial profiles, as well as tracking number of cell divisions and the receptor region, assuming a cytokinin receptor profile, which is propagated by the stochastic receptor model.

[Movie S2](#)
