

**Figure S9. mir-93 inhibits tumor metastasis in SUM159 cells.** 200k pTRIPZ-SUM159-mir-93-Luc cells in 100ul of PBS were injected into the left ventricle of NOD/SCID mice. Different treatments were initiated (Vehicle Control (Control), DOX alone (DOX), docetaxel alone, or the combination). At the end of treatment, H&E staining and Pan-cytokeratin (AE1/AE3) staining (in Brown) were performed to confirm the metastasis in bone and soft tissues resulting from mice with different treatments.
