

Authoritative Name	Synonym	Category
abstract thinking	abstract thinking	function
acoustic processing	acoustic processing	function
action imitation	action imitation	function
action initiation	action initiation	function
action observation	action observation	function
action selection	action selection	function
affect perception	affect perception	function
affect recognition	affect recognition	function
altruism	altruistic	function
analogical problem solving	analogy problem solving	function
analogical reasoning	analogy reasoning	function
anticipation	anticipatory	function
antisaccade	antisaccades	function
antisaccade	antisaccading	function
apparent motion	apparent motion	function
apparent movement	apparent movement	function
apperception	apperceptive	function
appetitive motivation	appetitive motivation	function
arousal	arousal	function
articulation	articulation	function
articulatory loop	articulatory loop	function
association learning	associative learning	function
attentional blink	attentional blink	function
attentional capacity	attention capacity	function
attentional effort	attentional effort	function
attentional resources	attentional resources	function
attentional shifting	attention shifting	function
attentional shifting	attention shifts	function
attentional shifting	attentional shift	function
attentional shifting	attentional shifts	function
attentional span	attention span	function
audition	audition	function
auditory attention	auditory attention	function
auditory learning	auditory learning	function

auditory localization	auditory localization	function
auditory memory	auditory memories	function
auditory perception	auditory perception	function
auditory working memory	auditory working memories	function
autobiographical memory	autobiographical memories	function
autobiographical recall	autobiographical recall	function
automaticity	automaticity	function
aversive learning	aversive learning	function
awareness	awareness	function
backward digit span	backward digit span	function
backward masking	backward masking	function
behavioral inhibition	behavioural inhibition	function
categorical perception	categorical perception	function
category learning	category learning	function
causal inference	causal inference	function
central executive	central executive	function
classical conditioning	classical conditioning	function
cognition	cognition	function
cognitive control	cognitive control	function
cognitive development	cognitive development	function
cognitive dissonance	cognitive dissonance	function
cognitive effort	cognitive effort	function
cognitive load	cognitive load	function
cognitive map	cognitive maps	function
color discrimination	colour discrimination	function
color perception	colour perception	function
concept learning	concept learning	function
consciousness	consciousness	function
context memory	context memories	function
contextual knowledge	contextual knowledge	function
convergent thinking	convergent thinking	function
creativity	creativity	function
crystallized intelligence	crystallized intelligence	function
deception	decieving	function
decision making	decision making	function

declarative knowledge	declarative knowledge	function
declarative memory	declarative memories	function
deductive inference	deductive inference	function
deductive reasoning	deductive reasoning	function
delayed match to sample	delayed match to sample	function
delayed nonmatch to sample	delayed nonmatch to sample	function
delayed recall	delayed recall	function
delayed recognition	delayed recognition	function
digit span	digit span	function
divided attention	divided attention	function
edge detection	edge detection	function
emotional bonding	emotional bonding	function
emotional intelligence	emotional intelligence	function
emotional memory	emotion memories	function
emotional memory	emotion memory	function
emotional memory	emotional memories	function
emotional perception	emotion perception	function
emotional perception	emotional perceptions	function
emotional perception	emotion perceptions	function
emotional recognition	emotion recognition	function
emotional suppression	emotion suppression	function
empathy	empathic	function
episodic buffer	episodic buffer	function
episodic learning	episodic learning	function
episodic memory	episodic memories	function
episodic recall	episodic recall	function
error detection	error detection	function
executive control	executive control	function
executive function	executive functions	function
explicit knowledge	explicit knowledge	function
explicit learning	explicit learning	function
explicit memory	explicit memories	function
eye contact	eye contact	function
eye movement	eye movements	function
face perception	face perception	function

face recognition	face recognition	function
facial expression	facial expression	function
false memory	false memory	function
familiarity	familiarity	function
fear	fear	function
feature detection	feature detection	function
feature extraction	feature extraction	function
figure ground	figure ground	function
fixation	fixation	function
fluid intelligence	fluid intelligence	function
focused attention	focused attention	function
forgetting	forgetting	function
form perception	form perceptions	function
go/no-go	go/no-go	function
goal formation	goal formation	function
goal maintenance	goal maintenance	function
gustation	gustation	function
gustatory learning	gustatory learning	function
gustatory memory	gustatory memories	function
gustatory perception	gustatory perception	function
habit learning	habit learning	function
habit memory	habit memories	function
hallucination	hallucinations	function
hallucination	hallucinatory	function
handedness	handedness	function
happiness	happy	function
hedonism	hedonic	function
humiliation	humiliate	function
humiliation	humiliated	function
humor	comedy	function
iconic memory	iconic memories	function
implicit knowledge	implicit knowledge	function
implicit memory	implicit memories	function
imprinting	imprinting	function
inattention	inattentive	function

inductive inference	inductive inference	function
inductive reasoning	inductive reasoning	function
inhibition of return	inhibition of return	function
intelligence	intelligence	function
intentional forgetting	intentional forgetting	function
internal speech	internal speech	function
intrinsic motivation	intrinsic motivation	function
introspection	introspective	function
involuntary attention	involuntary attention	function
Iowa Gambling	Iowa Gambling	function
kinesthesia	kinesthetic	function
language acquisition	language acquisition	function
language comprehension	language comprehension	function
language learning	language learning	function
language processing	language processing	function
language production	language production	function
letter fluency	letter fluency	function
letter naming	letter naming	function
lexical encoding	lexical encoding	function
lexical processing	lexical processing	function
lexical retrieval	lexical retrieval	function
logical reasoning	logical reasoning	function
logical thinking	logical thinking	function
long term memory	long term memories	function
loss aversion	loss aversion	function
lying	lying	function
mathematical reasoning	mathematical reasoning	function
memory acquisition	memory acquisition	function
memory consolidation	memory consolidation	function
memory retrieval	memory retrieval	function
memory storage	memory storage	function
memory trace	memory traces	function
mental arithmetic	mental math	function
mental imagery	mental imagery	function
mental representation	mental representation	function

mental rotation	mental rotation	function
metacognition	metacognitive	function
metamemory	metamemories	function
metaphor	metaphors	function
morphological processing	morphological processing	function
motor control	motor control	function
motor learning	motor learning	function
motor planning	motor planning	function
motor sequence learning	motor sequence learning	function
movement planning	movement planning	function
music comprehension	music comprehension	function
n-back	n-back	function
nondeclarative knowledge	nondeclarative knowledge	function
nondeclarative memory	nondeclarative memories	function
novelty detection	novelty detection	function
novelty processing	novelty processing	function
object categorization	object categorization	function
object identification	object identification	function
object orientation	object orientation	function
object perception	object perception	function
object recognition	object recognition	function
oddball	oddball	function
olfaction	olfaction	function
pain	pain	function
passive attention	passive attention	function
passive listening	passive listening	function
passive viewing	passive viewing	function
Pavlovian conditioning	Pavlovian conditioning	function
perceptual binding	perceptual binding	function
perceptual categorization	perceptual categorization	function
perceptual learning	perceptual learning	function
performance monitoring	performance monitoring	function
phonological buffer	phonological buffer	function
phonological discrimination	phonological discrimination	function
phonological encoding	phonological encoding	function

phonological loop	phonological loop	function
phonological retrieval	phonological retrieval	function
phonological working memory	phonological working memory	function
picture naming	picture naming	function
Posner cueing	Posner cueing	function
preconscious perception	preconscious perception	function
procedural knowledge	procedural knowledge	function
procedural learning	procedural learning	function
procedural memory	procedural memories	function
procedural rule	procedural rules	function
processing capacity	processing capacity	function
proprioception	proprioception	function
prospective memory	prospective memories	function
recognition memory	recognition memories	function
reconsolidation	reconsolidation	function
relational learning	relational learning	function
repressed memory	repressed memories	function
reversal learning	reversal learning	function
reward	reward	function
rhyme	rhyming	function
rhythm	rhythm	function
risk seeking	risk seeking	function
rule learning	rule learning	function
saccade	saccades	function
saccade	saccadic	function
saccade	saccading	function
selective attention	selective attention	function
self monitoring	self monitoring	function
semantic association	semantic association	function
semantic knowledge	semantic knowledge	function
semantic memory	semantic memories	function
semantic processing	semantic processes	function
semantic working memory	semantic working memory	function
sentence completion	sentence completion	function
sentence comprehension	sentence comprehension	function

trail making	trail making	function
traumatic memory	traumatic memories	function
uncertainty	uncertainty	function
verbal memory	verbal memories	function
visual attention	visual attention	function
visual buffer	visual buffer	function
visual imagery	visual imagery	function
visual masking	visual masking	function
visual memory	visual memories	function
visual perception	visual perception	function
visual search	visual search	function
visual working memory	visual working memory	function
visuospatial cueing	visuospatial cue	function
visuospatial sketch pad	visuospatial sketch pad	function
Wisconsin card sorting	Wisconsin card sort	function
word comprehension	word comprehension	function
word identification	word identification	function
word production	word production	function
word recognition	word recognition	function
word repetition	word repetition	function
working memory	working memories	function
working memory retrieval	working memory retrieval	function
working memory storage	working memory storage	function
diffusion tensor imaging	diffusion tensor	method
diffusion tensor imaging	diffusion weighted	method
diffusion tensor imaging	diffusion weighted imaging	method
diffusion tensor imaging	DTI	method
diffusion tensor imaging	fractional anisotropy	method
diffusion tensor imaging	tractography	method
electroencephalography	ECoG	method
electroencephalography	EEG	method
electroencephalography	electroencephalogram	method
electroencephalography	electroencephalographic	method
electroencephalography	iEEG	method
functional magnetic resonance imaging	fMRI	method

functional magnetic resonance imaging	functional magnetic resonance	method
magnetoencephalography	magnetoencephalogram	method
magnetoencephalography	magnetoencephalographic	method
magnetoencephalography	MEG	method
positron emission tomography	PET	method
positron emission tomography	single photon emission computed tomography	method
positron emission tomography	SPECT	method
single-unit recording	LFP	method
single-unit recording	local field potential	method
single-unit recording	local field potentials	method
single-unit recording	multi-unit recording	method
single-unit recording	single-unit	method
transcranial magnetic stimulation	TDCS	method
transcranial magnetic stimulation	TMS	method
transcranial magnetic stimulation	transcranial direct current stimulation	method
transcranial magnetic stimulation	transcranial magnetic	method
addiction	addiction	pathology
agnosia	agnosic	pathology
Alzheimer's disease	Alzheimer's	pathology
anhedonia	anhedonic	pathology
anorexia	anorexic	pathology
antisocial personality disorder	antisocial personality	pathology
anxiety	anxiety	pathology
aphasia	aphasic	pathology
apraxia	apraxic	pathology
ataxia	ataxic	pathology
attention deficit hyperactivity disorder	ADD	pathology
attention deficit hyperactivity disorder	ADHD	pathology
attention deficit hyperactivity disorder	attention deficit disorder	pathology
autism	autistic	pathology
Bell's palsy	Bell's palsy	pathology
bipolar disorder	manic depression	pathology
bipolar disorder	manic depressive	pathology
borderline personality disorder	borderline personality	pathology
Broca's aphasia	Broca's aphasic	pathology

bulimia	bulimic	pathology
coma	comatose	pathology
Creutzfeldt-Jakob disease	Creutzfeldt-Jakob	pathology
Dandy-Walker syndrome	Dandy-Walker	pathology
dementia	demented	pathology
depression	depressive	pathology
dysgraphia	dysgraphic	pathology
dyslexia	dyslexic	pathology
dyspraxia	dyspraxic	pathology
epilepsy	epileptic	pathology
herpes zoster	herpes zoster	pathology
Huntington's disease	Huntington's	pathology
Kluver-Bucy syndrome	Kluver-Bucy	pathology
Lou Gehrig's disease	amyotrophic lateral sclerosis	pathology
migraine	migraines	pathology
multiple sclerosis	multiple sclerosis	pathology
narcolepsy	narcoleptic	pathology
obsessive compulsive disorder	obsessive compulsive	pathology
obsessive compulsive disorder	OCD	pathology
panic disorder	panic disorder	pathology
Parkinson's disease	Parkinson's	pathology
post-traumatic stress disorder	post traumatic stress	pathology
post-traumatic stress disorder	post-traumatic stress	pathology
post-traumatic stress disorder	PTSD	pathology
prosopagnosia	prosopagnosic	pathology
schizophrenia	schizophrenic	pathology
social phobia	social phobic	pathology
stress	stress	pathology
stroke	strokes	pathology
Tay-Sachs disease	Tay-Sachs	pathology
Tourette syndrome	Tourette's	pathology
traumatic brain injury	TBI	pathology
Wernicke-Korsakoff syndrome	Wernicke-Korsakoff	pathology
Wernicke's aphasia	Wernicke's aphasic	pathology
abducens nucleus	abducens nerve nucleus	structure

abducens nucleus	abducens nuclei	structure
abducens nucleus	Nucleus abducens	structure
abducens nucleus	Nucleus nervi abducentis	structure
abducens nucleus	Nucleus nervi abducentis	structure
abducens nucleus	nucleus of abducens nerve	structure
amygdala	amygdalae	structure
amygdala	amygdalar	structure
amygdala	amygdaloid body	structure
amygdala	amygdaloid nuclear complex	structure
amygdala	amygdaloid nuclear groups	structure
amygdala	amygdaloid nucleus	structure
amygdala	archistriatum	structure
amygdala	Corpus amygdalae	structure
amygdala	Corpus amygdaloideum	structure
amygdala	nucleus amygdalae	structure
angular gyrus	angular gyri	structure
angular gyrus	angular gyrus	structure
angular gyrus	Gyrus angularis	structure
angular gyrus	Gyrus parietalis inferior	structure
angular gyrus	middle part of inferior parietal lobule	structure
angular gyrus	prelunate gyrus	structure
angular gyrus	preoccipital gyrus	structure
anterior cingulate gyrus	anterior cingulate	structure
anterior cingulate gyrus	anterior cingulate gyri	structure
anterior cingulate gyrus	anterior cingulate gyrus	structure
anterior cingulate gyrus	Cortex cingularis anterior	structure
anterior cingulate gyrus	Gyrus cinguli anterior	structure
anterior cingulate gyrus	Gyrus limbicus anterior	structure
anterior olfactory nucleus	anterior olfactory nuclei	structure
anterior olfactory nucleus	anterior olfactory nucleus	structure
anterior olfactory nucleus	Area retrobulbaris	structure
anterior olfactory nucleus	Nucleus olfactorius anterior	structure
anterior olfactory nucleus	Regio retrobulbaris	structure
anterior olfactory nucleus	retrobulbar region	structure
basal forebrain nucleus	basal forebrain nuclei	structure

basal forebrain nucleus	basal magnocellular nucleus	structure
basal forebrain nucleus	basal nuclei	structure
basal forebrain nucleus	basal nuclei of Meynert	structure
basal forebrain nucleus	basal nucleus	structure
basal forebrain nucleus	basal nucleus of Meynert	structure
basal forebrain nucleus	ganglion of Meynert	structure
basal forebrain nucleus	Nucleus basalis	structure
basal forebrain nucleus	Nucleus basalis Meynert	structure
basal forebrain nucleus	nucleus basalis of Meynert	structure
basal forebrain nucleus	nucleus of substantia innominata	structure
basal ganglia	basal ganglia	structure
basal ganglia	basal nuclei	structure
basal ganglia	corpus striatum	structure
basal ganglia	deep nuclear gray of hemisphere	structure
basal ganglia	Ganglia basales	structure
basal ganglia	Nuclei basales	structure
basal ganglia	subcortical gray	structure
basal ganglia	telencephalic nuclei	structure
basal nucleus of the amygdala	basal amygdaloid nuclei	structure
basal nucleus of the amygdala	basal amygdaloid nucleus	structure
basal nucleus of the amygdala	basal nuclei of the amygdala	structure
basal nucleus of the amygdala	basolateral amygdaloid nucleus	structure
basal nucleus of the amygdala	basolateral nucleus of amygdala	structure
basal nucleus of the amygdala	intermediate principal nucleus	structure
basal nucleus of the amygdala	Nucleus amygdalae basalis	structure
basal nucleus of the amygdala	Nucleus amygdaloideus basalis	structure
basal nucleus of the amygdala	Nucleus amygdaloideus basolateralis	structure
basal nucleus of the amygdala	Nucleus basalis amygdalae	structure
Broca's area	anterior speech cortex	structure
Broca's area	area of Broca	structure
Broca's area	Broca's area	structure
Broca's area	Broca's speech area	structure
Broca's area	convolution of Broca	structure
Broca's area	motor speech area of Broca	structure
calcarine sulcus	calcarine fissure	structure

calcarine sulcus	calcarine sulci	structure
calcarine sulcus	calcarine sulcus	structure
calcarine sulcus	Fissura calcarina	structure
calcarine sulcus	Sulcus calcarinus	structure
calcarine sulcus	Sulcus calcarinus	structure
caudate nucleus	caudate nuclei	structure
caudate nucleus	caudate nucleus	structure
caudate nucleus	Caudatus	structure
caudate nucleus	Nucleus caudatus	structure
centromedian nucleus	central magnocellular nucleus of thalamus	structure
centromedian nucleus	centre median nucleus	structure
centromedian nucleus	centromedian nuclei	structure
centromedian nucleus	centromedian nucleus	structure
centromedian nucleus	centromedian thalamic nucleus	structure
centromedian nucleus	Centrum medianum	structure
centromedian nucleus	Centrum medianum thalami	structure
centromedian nucleus	Nucleus centralis centralis	structure
centromedian nucleus	Nucleus centralis thalami	structure
centromedian nucleus	Nucleus centri mediani thalami	structure
centromedian nucleus	Nucleus centromedianus	structure
centromedian nucleus	Nucleus centromedianus thalami	structure
centromedian nucleus	Nucleus centrum medianum	structure
cerebellum	Cerebellar	structure
cerebellum	Cerebellum	structure
cerebellum	Corpus cerebelli	structure
cerebellum	epencephalon	structure
cingulate gyrus	callosomarginal gyrus	structure
cingulate gyrus	cingular gyrus	structure
cingulate gyrus	cingulate area	structure
cingulate gyrus	cingulate gyri	structure
cingulate gyrus	cingulate gyrus	structure
cingulate gyrus	cingulate region	structure
cingulate gyrus	Gyri cinguli	structure
cingulate gyrus	Gyrus cingulatus	structure
cingulate gyrus	Gyrus cinguli	structure

cingulate gyrus	upper limbic gyrus	structure
claustrum	claustrum	structure
cochlear nuclei	cochlear nuclei	structure
cochlear nuclei	cochlear nucleus	structure
cochlear nuclei	Nuclei cochleares	structure
cuneate nucleus of the medulla	Burdach's nucleus	structure
cuneate nucleus of the medulla	cuneate nuclei	structure
cuneate nucleus of the medulla	cuneate nucleus	structure
cuneate nucleus of the medulla	cuneate nucleus	structure
cuneate nucleus of the medulla	Nucleus cuneatus	structure
cuneate nucleus of the medulla	Nucleus cuneatus medialis	structure
cuneate nucleus of the medulla	Nucleus restiformis	structure
dentate gyrus	area dentata	structure
dentate gyrus	dentate gyri	structure
dentate gyrus	Fascia dentata	structure
dentate gyrus	Fascia dentata hippocampi	structure
dentate gyrus	Gyrus dentatus	structure
dentate nucleus	dentate nuclei	structure
dentate nucleus	dentate nucleus	structure
dentate nucleus	lateral nucleus of cerebellum	structure
dentate nucleus	Nucleus dentatus	structure
dentate nucleus	Nucleus dentatus cerebelli	structure
dentate nucleus	Nucleus lateralis cerebelli	structure
diagonal band	Bandeletta diagonalis	structure
diagonal band	Broca's diagonal gyrus	structure
diagonal band	diagonal band of Broca	structure
diagonal band	diagonal bands	structure
diagonal band	diagonal gyrus	structure
diagonal band	Fasciculus diagonalis Brocae	structure
diagonal band	Fasciculus olfactorius	structure
diagonal band	Fasciculus olfactorius cornu Ammonis	structure
diagonal band	Fasciculus olfactorius hippocampi	structure
diagonal band	Fasciculus septo-amygdalicus	structure
diagonal band	Gyrus diagonalis	structure
diagonal band	gyrus diagonalis rhinencephli	structure

diagonal band	olfactory fasciculus	structure
diagonal band	olfactory radiations of Zuckerkandl	structure
diagonal band	Stria diagonalis	structure
dorsal motor nucleus of the vagus nerve	dorsal efferent nucleus of vagus	structure
dorsal motor nucleus of the vagus nerve	dorsal motor nuclei	structure
dorsal motor nucleus of the vagus nerve	dorsal motor nucleus	structure
dorsal motor nucleus of the vagus nerve	dorsal nucleus of vagus nerve	structure
dorsal motor nucleus of the vagus nerve	dorsal vagal nucleus	structure
dorsal motor nucleus of the vagus nerve	Nucleus alaris	structure
dorsal motor nucleus of the vagus nerve	Nucleus dorsalis motorius nervi vagi	structure
dorsal motor nucleus of the vagus nerve	Nucleus dorsalis nervi vagi	structure
dorsal motor nucleus of the vagus nerve	Nucleus vagalis dorsalis	structure
dorsomedial nucleus of the hypothalamus	dorsomedial hypothalamic nucleus	structure
dorsomedial nucleus of the hypothalamus	dorsomedial nucleus	structure
dorsomedial nucleus of the hypothalamus	dorsomedial nucleus of hypothalamus	structure
dorsomedial nucleus of the hypothalamus	dorsomedial nucleus of the hypothalamus	structure
dorsomedial nucleus of the hypothalamus	Nucleus dorsomedialis hypothalami	structure
dorsomedial nucleus of the hypothalamus	Nucleus hypothalamicus dorsomedialis	structure
emboliform nucleus	anterior interposed nucleus	structure
emboliform nucleus	anterior interpositus nucleus	structure
emboliform nucleus	emboliform nuclei	structure
emboliform nucleus	emboliform nucleus	structure
emboliform nucleus	Nucleus emboliformis	structure
emboliform nucleus	Nucleus emboliformis cerebelli	structure
emboliform nucleus	Nucleus interpositus anterior cerebelli	structure
entorhinal area	Area entorhinalis	structure
entorhinal area	Area entorhinalis ventralis et dorsalis	structure
entorhinal area	Cortex entorhinalis	structure
entorhinal area	entorhinal	structure
entorhinal area	entorhinal area	structure
entorhinal area	entorhinal cortex	structure
entorhinal area	entorhinal cortices	structure
entorhinal area	secondary olfactory cortex	structure
entorhinal area	secondary olfactory cortical area	structure
facial nucleus	branchiomotor nucleus of facial nerve	structure

facial nucleus	facial motor nuclei	structure
facial nucleus	facial motor nucleus	structure
facial nucleus	facial nuclei	structure
facial nucleus	motor nucleus of VII	structure
facial nucleus	Nucleus facialis	structure
facial nucleus	Nucleus nervi facialis	structure
fastigial nucleus	fastigial nuclei	structure
fastigial nucleus	fastigial nucleus	structure
fastigial nucleus	medial nucleus of cerebellum	structure
fastigial nucleus	Nucleus fastigiatus	structure
fastigial nucleus	Nucleus fastigii	structure
fastigial nucleus	Nucleus fastigii cerebelli	structure
fastigial nucleus	Nucleus fastigiatus cerebelli	structure
fastigial nucleus	Nucleus motorius tecti cerebelli	structure
fastigial nucleus	roof nucleus	structure
frontal eye field	frontal eye fields	structure
frontal eye field	frontal gaze center	structure
frontal eye field	frontal lobe eye field	structure
frontal eye field	frontal motor eye field	structure
frontal eye field	voluntary eye field	structure
fusiform gyrus	fusiform gyri	structure
fusiform gyrus	fusiform gyrus	structure
fusiform gyrus	fusiform gyrus	structure
fusiform gyrus	Gyrus fusiformis	structure
fusiform gyrus	Gyrus fusiformis	structure
fusiform gyrus	Gyrus occipito-temporalis lateralis	structure
fusiform gyrus	Gyrus occipitotemporalis lateralis	structure
fusiform gyrus	lateral occipito-temporal gyrus	structure
fusiform gyrus	occipitotemporal gyri	structure
fusiform gyrus	occipitotemporal gyrus	structure
globose nucleus	globose nuclei	structure
globose nucleus	globose nucleus	structure
globose nucleus	Nuclei globosi	structure
globose nucleus	Nucleus globosus	structure
globose nucleus	Nucleus globosus cerebelli	structure

globose nucleus	Nucleus interpositus posterior cerebelli	structure
globose nucleus	posterior interposed nucleus	structure
globose nucleus	posterior interpositus nucleus	structure
globus pallidus	globus pallidus	structure
globus pallidus	Nucleus pallidus	structure
globus pallidus	paleostriatum	structure
globus pallidus	pallidum	structure
gracile nucleus of the medulla	Goll's nucleus	structure
gracile nucleus of the medulla	gracile nuclei	structure
gracile nucleus of the medulla	gracile nucleus	structure
gracile nucleus of the medulla	gracile nucleus of the medulla	structure
gracile nucleus of the medulla	Nucleus gracilis	structure
gustatory area	gustatory cortex	structure
gustatory area	gustatory cortices	structure
habenula	Ganglion habenulae	structure
habenula	Ganglion intercrurale	structure
habenula	Ganglion interpedunculare	structure
habenula	Habenula	structure
habenula	Habenula complex	structure
habenula	habenulae	structure
habenula	habenular	structure
habenula	habenular nuclei	structure
habenula	Nuclei habenulares	structure
habenula	Nucleus habenulae	structure
habenula	Nucleus habenularis	structure
hippocampus	Ammon's horn	structure
hippocampus	Cornu ammonis	structure
hippocampus	Hippocampal	structure
hippocampus	Hippocampi	structure
hippocampus	hippocampus major	structure
hippocampus	hippocampus proper	structure
hippocampus	hippocampuses	structure
hypothalamus	Hypothalami	structure
hypothalamus	hypothalamic	structure
hypothalamus	hypothalamuses	structure

hypothalamus	preoptico-hypothalamic area	structure
hypothalamus	preoptico-hypothalamic region	structure
indusium griseum	gray stria of Lancisi	structure
inferior colliculus	caudal colliculus	structure
inferior colliculus	Colliculus caudalis	structure
inferior colliculus	Colliculus inferior	structure
inferior colliculus	Corpus bigeminalis caudalis	structure
inferior colliculus	Corpus bigeminum posterioris	structure
inferior colliculus	inferior colliculi	structure
inferior colliculus	inferior colliculus	structure
inferior colliculus	posterior colliculus	structure
inferior colliculus	posterior corpus quadrigeminum	structure
inferior frontal gyrus	Gyrus frontalis inferior	structure
inferior frontal gyrus	Gyrus frontalis tertius	structure
inferior frontal gyrus	inferior frontal	structure
inferior frontal gyrus	inferior frontal convolution	structure
inferior frontal gyrus	inferior frontal gyri	structure
inferior frontal gyrus	Regio subfrontalis	structure
inferior olive	inferior olivary eminence	structure
inferior olive	inferior olives	structure
inferior olive	olivary eminence	structure
inferior parietal lobule	inferior parietal gyri	structure
inferior parietal lobule	inferior parietal gyrus	structure
inferior parietal lobule	inferior parietal lobules	structure
inferior parietal lobule	inferior portion of parietal gyrus	structure
inferior parietal lobule	Lobulus parietalis inferior	structure
inferior salivatory nucleus	inferior salivatory nuclei	structure
inferior salivatory nucleus	inferior salivatory nucleus	structure
inferior salivatory nucleus	Nucleus salivarius inferior	structure
inferior salivatory nucleus	Nucleus salivatorius caudalis	structure
inferior salivatory nucleus	Nucleus salivatorius inferior	structure
inferior temporal gyrus	Gyrus temporalis inferior	structure
inferior temporal gyrus	inferior temporal gyri	structure
inferior temporal gyrus	inferior temporal gyrus	structure
inferior temporal gyrus	lateral occipitotemporal gyrus	structure

insula	Cortex insularis	structure
insula	cortex of island	structure
insula	insula cerebri	structure
insula	insula lobule	structure
insula	Insula Reilii	structure
insula	insulae	structure
insula	insular	structure
insula	insular cortex	structure
insula	insular gyrus	structure
insula	insular lobe	structure
insula	Insulas	structure
insula	island of Reil	structure
insula	Lobus insularis	structure
interstitial nucleus of Cajal	interstitial nuclei of Cajal	structure
interstitial nucleus of Cajal	interstitial nucleus of Cajal	structure
interstitial nucleus of Cajal	interstitial nucleus of medial longitudinal fasciculus	structure
interstitial nucleus of Cajal	Nucleus interstitialis Cajal	structure
intralaminar nuclear group	intralaminar nuclear group	structure
intralaminar nuclear group	intralaminar nuclei	structure
intralaminar nuclear group	intralaminar nuclei of thalamus	structure
intralaminar nuclear group	intralaminar thalamic nuclei	structure
intralaminar nuclear group	nonspecific thalamic	structure
intralaminar nuclear group	Nuclei intralaminares	structure
lateral geniculate nucleus	Corpus geniculatum laterale	structure
lateral geniculate nucleus	dorsal lateral geniculate nucleus	structure
lateral geniculate nucleus	dorsal nuclei of lateral geniculate body	structure
lateral geniculate nucleus	dorsal nucleus of lateral geniculate body	structure
lateral geniculate nucleus	lateral geniculate bodies	structure
lateral geniculate nucleus	lateral geniculate body	structure
lateral geniculate nucleus	lateral geniculate nuclei	structure
lateral geniculate nucleus	Nucleus corporis geniculati lateralis	structure
lateral geniculate nucleus	Nucleus geniculatus lateralis dorsalis	structure
lingual gyrus	Gyrus lingualis	structure
lingual gyrus	Gyrus occipitotemporalis medialis	structure
lingual gyrus	lingual gyri	structure

lingual gyrus	lingual gyrus	structure
lingual gyrus	lingula of cerebral hemisphere	structure
lingual gyrus	medial occipitotemporal gyrus	structure
locus ceruleus	Locus caeruleus	structure
locus ceruleus	Locus caeruleus	structure
locus ceruleus	locus ceruleus	structure
locus ceruleus	Locus coeruleus	structure
locus ceruleus	nucleus of locus caeruleus	structure
locus ceruleus	Nucleus pigmentosus pontis	structure
locus ceruleus	Substantia ferruginea	structure
mammillary body	Corpora mamillaria	structure
mammillary body	Corpora mamillaria	structure
mammillary body	Corpus mamillare	structure
mammillary body	Corpus mamillaris	structure
mammillary body	Corpus mamillare	structure
mammillary body	mamillary body	structure
mammillary body	mammillary bodies	structure
medial dorsal nucleus	dorsal medial nucleus of thalamus	structure
medial dorsal nucleus	dorsomedial nuclear group	structure
medial dorsal nucleus	dorsomedial nuclei	structure
medial dorsal nucleus	dorsomedial nucleus	structure
medial dorsal nucleus	medial dorsal nuclei	structure
medial dorsal nucleus	medial dorsal thalamic nucleus	structure
medial dorsal nucleus	medial nuclear group	structure
medial dorsal nucleus	medial thalamic nuclei	structure
medial dorsal nucleus	medial thalamic nucleus	structure
medial dorsal nucleus	mediodorsal nuclei	structure
medial dorsal nucleus	mediodorsal nucleus	structure
medial dorsal nucleus	mediodorsal thalamic nucleus	structure
medial dorsal nucleus	Nuclei mediales thalami	structure
medial dorsal nucleus	Nucleus dorsomedialis thalami	structure
medial dorsal nucleus	Nucleus medialis dorsalis	structure
medial dorsal nucleus	Nucleus medialis dorsalis thalami	structure
medial dorsal nucleus	Nucleus mediodorsalis thalami	structure
medial dorsal nucleus	Nucleus thalamicus mediodorsalis	structure

medial frontal gyrus	Gyrus frontalis medialis	structure
medial frontal gyrus	Gyrus frontalis superior pars medialis	structure
medial frontal gyrus	medial frontal gyri	structure
medial geniculate body	Corpus geniculatum mediale	structure
medial geniculate body	Corpus geniculatus medialis	structure
medial geniculate body	medial geniculate bodies	structure
medial geniculate body	medial geniculate body	structure
medial geniculate body	medial geniculate nuclei	structure
medial geniculate body	medial geniculate nucleus	structure
medial geniculate body	Nucleus corporis geniculati medialis	structure
medial geniculate body	Nucleus geniculatus medialis	structure
medial parietal gyrus	Gyrus parietalis medialis	structure
medial parietal gyrus	medial parietal gyri	structure
medial prefrontal cortex	medial prefrontal cortex	structure
medial prefrontal cortex	medial prefrontal cortices	structure
medulla	medulla	structure
medulla	medulla oblongata	structure
mesencephalic nucleus of the trigeminal nerve	mesencephalic nucleus	structure
mesencephalic nucleus of the trigeminal nerve	mesencephalic nucleus of the trigeminal nerve	structure
mesencephalic nucleus of the trigeminal nerve	Nucleus mesencephalicus nervi trigeminalis	structure
mesencephalic nucleus of the trigeminal nerve	Nucleus tractus mesencephalici nervi trigemini	structure
mesencephalic nucleus of the trigeminal nerve	Nucleus tractus mesencephalici nervi trigemini	structure
mesencephalic nucleus of the trigeminal nerve	Nucleus tractus mesencephalicus nervi trigemini	structure
middle frontal gyrus	Gyrus frontalis medialis	structure
middle frontal gyrus	Gyrus frontalis medius	structure
middle frontal gyrus	Gyrus frontalis secundus	structure
middle frontal gyrus	intermediate frontal gyrus	structure
middle frontal gyrus	middle frontal gyri	structure
middle temporal gyrus	Gyrus temporalis medius	structure
middle temporal gyrus	intermediate temporal gyrus	structure
middle temporal gyrus	middle temporal gyri	structure
middle temporal gyrus	middle temporal gyrus	structure
nucleus accumbens	accumbens nuclei	structure
nucleus accumbens	accumbens nucleus	structure
nucleus accumbens	Colliculus nuclei caudati	structure

nucleus accumbens	colliculus of caudate nucleus	structure
nucleus accumbens	nucleus accumbens	structure
nucleus accumbens	Nucleus accumbens septi	structure
nucleus ambiguus	ambiguus nuclei	structure
nucleus ambiguus	ambiguus nucleus	structure
nucleus ambiguus	nucleus ambiguus	structure
nucleus ambiguus	Nucleus ambiguus	structure
nucleus ambiguus	Nucleus innominatus	structure
oculomotor nuclear complex	Nucleus nervi oculomotorii	structure
oculomotor nuclear complex	Nucleus oculomotorius	structure
oculomotor nuclear complex	nucleus of oculomotor nerve	structure
oculomotor nuclear complex	oculomotor nuclear complex	structure
oculomotor nuclear complex	oculomotor nuclei	structure
oculomotor nuclear complex	oculomotor nucleus	structure
olfactory bulb	Bulbus olfactorius	structure
olfactory bulb	olfactory bulb	structure
operculum	opercular portion of inferior frontal gyrus	structure
operculum	operculum	structure
operculum	Pars opercularis gyri frontalis inferioris	structure
operculum	Pars posterior of inferior frontal gyrus	structure
operculum	posterior part of inferior frontal gyrus	structure
orbital gyri	Cortex orbitofrontalis	structure
orbital gyri	Gyri orbitales	structure
orbital gyri	Gyrus orbitalis	structure
orbital gyri	gyrus orbitalis longitudinalis	structure
orbital gyri	Gyrus orbitofrontalis	structure
orbital gyri	orbital area	structure
orbital gyri	orbital cortex	structure
orbital gyri	orbital cortices	structure
orbital gyri	orbital gyri	structure
orbital gyri	orbitofrontal cortex	structure
orbital gyri	orbitofrontal cortices	structure
orbital gyri	orbitofrontal gyri	structure
orbital gyri	orbitofrontal gyrus	structure
orbital gyri	orbitofrontal region	structure

parahippocampal gyrus	Gyrus hippocampi	structure
parahippocampal gyrus	Gyrus parahippocampalis	structure
parahippocampal gyrus	Gyrus parahippocampi	structure
parahippocampal gyrus	hippocampal gyri	structure
parahippocampal gyrus	hippocampal gyrus	structure
parahippocampal gyrus	parahippocampal gyri	structure
parahippocampal gyrus	parahippocampal gyrus	structure
periaqueductal	periaqueductal gray	structure
periaqueductal	periaqueductal grey	structure
perirhinal area	Area perirhinalis	structure
perirhinal area	Area perirhinalis	structure
perirhinal area	perirhinal area	structure
perirhinal area	perirhinal cortex	structure
perirhinal area	perirhinal cortices	structure
periventricular nucleus	periventricular nuclei	structure
pineal body	Conarium	structure
pineal body	Corpus pineale	structure
pineal body	Corpus pineale	structure
pineal body	Epiphysis	structure
pineal body	Epiphysis cerebri	structure
pineal body	Glandula pinealis	structure
pineal body	pineal body	structure
pineal body	pineal gland	structure
planum temporale	planum temporale	structure
pons	pons cerebri	structure
pons	Pons Varolii	structure
pontine nuclei	Nuclei brachii pontis	structure
pontine nuclei	Nuclei pontis	structure
pontine nuclei	Nucleus pontis	structure
pontine nuclei	pontine nuclei	structure
postcentral gyrus	Gyrus centralis posterior	structure
postcentral gyrus	Gyrus postcentralis	structure
postcentral gyrus	PoG	structure
postcentral gyrus	postcentral gyri	structure
postcentral gyrus	postcentral gyrus	structure

postcentral gyrus	posterior central gyrus	structure
postcentral gyrus	postrolandic gyri	structure
postcentral gyrus	postrolandic gyrus	structure
posterior cingulate gyrus	Gyrus cinguli posterior	structure
posterior cingulate gyrus	Gyrus limbicus posterior	structure
posterior cingulate gyrus	posterior cingulate	structure
posterior cingulate gyrus	posterior cingulate gyri	structure
posterior cingulate gyrus	posterior cingulate gyrus	structure
posterior nucleus of the hypothalamus	Area hypothalamica posterior	structure
posterior nucleus of the hypothalamus	Area posterior hypothalami	structure
posterior nucleus of the hypothalamus	Nucleus hypothalamicus posterior	structure
posterior nucleus of the hypothalamus	posterior hypothalamic area	structure
posterior nucleus of the hypothalamus	posterior hypothalamic nucleus	structure
posterior nucleus of the hypothalamus	posterior nuclei	structure
posterior nucleus of the hypothalamus	posterior nucleus	structure
posterior nucleus of the hypothalamus	posterior nucleus of hypothalamus	structure
posterior nucleus of the hypothalamus	posterior nucleus of the hypothalamus	structure
posterior parahippocampal gyrus	posterior parahippocampal gyri	structure
posterior parahippocampal gyrus	posterior parahippocampal gyrus	structure
precuneus	Praecuneus	structure
precuneus	precuneate lobule	structure
precuneus	quadrate lobule	structure
prefrontal cortex	prefrontal cortex	structure
prefrontal cortex	prefrontal cortices	structure
premotor cortex	intermediate precentral cortex	structure
premotor cortex	premotor area	structure
premotor cortex	premotor cortex	structure
premotor cortex	premotor cortices	structure
premotor cortex	promotor cortex	structure
primary auditory area	primary auditory area	structure
primary auditory area	primary auditory cortex	structure
primary auditory area	primary auditory cortices	structure
primary motor cortex	motor area	structure
primary motor cortex	motor cortex	structure
primary motor cortex	motor cortices	structure

primary motor cortex	motor strip	structure
primary motor cortex	precentral motor area	structure
primary motor cortex	precentral motor cortex	structure
primary motor cortex	primary motor area	structure
primary motor cortex	primary motor cortex	structure
primary motor cortex	primary motor cortices	structure
primary somesthetic area	postcentral tactile area	structure
primary somesthetic area	primary somatic sensory area	structure
primary somesthetic area	primary somatosensory cortex	structure
primary somesthetic area	primary somatosensory cortices	structure
primary somesthetic area	primary somesthetic area	structure
primary somesthetic area	primary somesthetic cortex	structure
primary somesthetic area	somatic afferent area	structure
primary somesthetic area	somatosensory strip	structure
primary visual cortex	primary visual cortices	structure
pulvinar	Nuclei pulvinares	structure
pulvinar	Nucleus pulvinaris	structure
pulvinar	Nucleus pulvinaris thalami	structure
pulvinar	pulvinar nuclei	structure
pulvinar	pulvinar nucleus	structure
pulvinar	Pulvinar thalami	structure
putamen	Nucleus putamen	structure
raphe nuclei	Nuclei raphae	structure
raphe nuclei	Nuclei raphes	structure
raphe nuclei	Nucleus of the raphe	structure
raphe nuclei	Nucleus raphe	structure
raphe nuclei	raphe nuclei	structure
red nucleus	Nucleus rotundus subthalamo-peduncularis	structure
red nucleus	Nucleus ruber	structure
red nucleus	Nucleus ruber tegmenti	structure
red nucleus	red nuclei	structure
red nucleus	red nucleus	structure
reticular nucleus of the thalamus	Nucleus reticularis	structure
reticular nucleus of the thalamus	Nucleus reticularis thalami	structure
reticular nucleus of the thalamus	Nucleus thalamicus reticularis	structure

reticular nucleus of the thalamus	reticular nuclear group	structure
reticular nucleus of the thalamus	reticular nucleus of the thalamus	structure
reticular nucleus of the thalamus	reticular thalamic nuclei	structure
reticular nucleus of the thalamus	reticular thalamic nucleus	structure
reticular nucleus of the thalamus	thalamic reticular nuclei	structure
reticular nucleus of the thalamus	thalamic reticular nucleus	structure
second auditory area	thalamic reticular nucleus	structure
second auditory area	second auditory area	structure
second auditory area	second auditory cortex	structure
secondary somesthetic area	second auditory cortices	structure
secondary somesthetic area	second somatic sensory area	structure
secondary somesthetic area	secondary sensory cortex	structure
secondary somesthetic area	secondary sensory cortices	structure
septum	secondary somesthetic area	structure
septum	Massa praecommissuralis	structure
septum	septum	structure
solitary nucleus	Septum telencephali	structure
solitary nucleus	Nuclei tractus solitarii	structure
solitary nucleus	Nucleus fasciculus solitarius	structure
solitary nucleus	nucleus of solitary tract	structure
solitary nucleus	nucleus of the solitary tract	structure
solitary nucleus	nucleus of tractus solitarius	structure
solitary nucleus	Nucleus solitarius	structure
solitary nucleus	Nucleus tracti solitarii	structure
solitary nucleus	Nucleus tractus solitarii	structure
solitary nucleus	solitary nuclear complex	structure
solitary nucleus	solitary nuclei	structure
straight gyrus	gyrus rectus	structure
straight gyrus	medial part of gyri orbitales	structure
straight gyrus	rectal gyri	structure
straight gyrus	rectal gyrus	structure
straight gyrus	rectus gyrus	structure
straight gyrus	ventromedial gyrus	structure
stria terminalis	Fibrae striae terminalis	structure
stria terminalis	semicircular stria	structure

stria terminalis	Stria semicircularis	structure
striatum	Corpus striatum	structure
striatum	neostriatum	structure
subiculum	subiculum	structure
subiculum	subiculum hippocampi	structure
substantia nigra	nucleus of basis pedunculi	structure
substantia nigra	Nucleus pigmentosus subthalamo-peduncularis	structure
substantia nigra	substantia nigra	structure
subthalamic nucleus	body of Forel	structure
subthalamic nucleus	body of Luys	structure
subthalamic nucleus	Corpus hypothalamicum	structure
subthalamic nucleus	Corpus Luysi	structure
subthalamic nucleus	Corpus subthalamicum	structure
subthalamic nucleus	nucleus of Luys	structure
subthalamic nucleus	Nucleus subthalamicus	structure
subthalamic nucleus	Nucleus subthalamicus	structure
subthalamic nucleus	subthalamic nuclei	structure
superior colliculus	anterior colliculus	structure
superior colliculus	anterior corpus quadrigeminum	structure
superior colliculus	Colliculus bigeminalis oralis	structure
superior colliculus	Colliculus cranialis	structure
superior colliculus	Colliculus rostralis	structure
superior colliculus	Colliculus superior	structure
superior colliculus	Colliculus superior	structure
superior colliculus	Corpus quadrigeminum superius	structure
superior colliculus	cranial colliculus	structure
superior colliculus	optic tectum	structure
superior colliculus	superior colliculi	structure
superior colliculus	superior colliculus	structure
superior frontal gyrus	Gyrus frontalis primus	structure
superior frontal gyrus	Gyrus frontalis superior	structure
superior frontal gyrus	Gyrus frontalis superior	structure
superior frontal gyrus	marginal gyri	structure
superior frontal gyrus	marginal gyrus	structure
superior frontal gyrus	superior frontal convolution	structure

superior frontal gyrus	superior frontal gyri	structure
superior frontal gyrus	superior frontal gyrus	structure
superior olive	Nucleus olivaris metencephali	structure
superior olive	Nucleus olivaris rostralis	structure
superior olive	Nucleus olivaris superior	structure
superior olive	Nucleus olivaris superioris	structure
superior olive	Oliva superior	structure
superior olive	superior olivary nuclei	structure
superior olive	superior olivary nucleus	structure
superior olive	superior olives	structure
superior parietal lobule	Gyrus parietalis superior	structure
superior parietal lobule	Lobulus parietalis superior	structure
superior parietal lobule	superior parietal gyri	structure
superior parietal lobule	superior parietal gyrus	structure
superior parietal lobule	superior parietal lobule	structure
superior parietal lobule	superior portion of parietal gyrus	structure
superior salivatory nucleus	Nucleus salivarius superior	structure
superior salivatory nucleus	Nucleus salivatorius cranialis	structure
superior salivatory nucleus	Nucleus salivatorius rostralis	structure
superior salivatory nucleus	Nucleus salivatorius superior	structure
superior salivatory nucleus	superior salivatory nuclei	structure
superior temporal gyrus	Gyrus temporalis superior	structure
superior temporal gyrus	Gyrus temporalis superior	structure
superior temporal gyrus	superior temporal gyri	structure
supplementary motor cortex	supplementary motor area	structure
supplementary motor cortex	supplementary motor areas	structure
supplementary motor cortex	supplementary motor cortices	structure
suprachiasmatic nucleus	Nucleus suprachiasmaticus hypothalami	structure
suprachiasmatic nucleus	suprachiasmatic nuclei	structure
temporal operculum	facies supratemporalis	structure
temporal operculum	Operculum temporale	structure
temporal operculum	supratemporal plane	structure
temporal operculum	temporal operculum	structure
temporal pole	Polus temporalis	structure
temporoparietal junction	temporoparietal junction	structure

thalamus	thalamencephalon	structure
thalamus	thalami	structure
thalamus	Thalamus dorsalis	structure
thalamus	thalamus opticus	structure
thalamus	thalamuses	structure
transverse temporal gyrus	convolutions of Heschl	structure
transverse temporal gyrus	gyri of Heschl	structure
transverse temporal gyrus	Gyri temporales transversi	structure
transverse temporal gyrus	Heschl's convolutions	structure
transverse temporal gyrus	Heschl's gyri	structure
transverse temporal gyrus	Heschl's gyrus	structure
transverse temporal gyrus	transverse temporal gyri	structure
trapezoid body	corpus trapezoides	structure
trapezoid body	Corpus trapezoideum	structure
trapezoid body	trapezoid bodies	structure
tuber cinereum	tuber cinereum	structure
ventral anterior nucleus	Nucleus lateropolaris	structure
ventral anterior nucleus	Nucleus ventralis anterior	structure
ventral anterior nucleus	Nucleus ventralis anterior thalami	structure
ventral anterior nucleus	Nucleus ventralis thalami anterior	structure
ventral anterior nucleus	ventral anterior nuclei	structure
ventral anterior nucleus	ventral anterior thalamic nuclei	structure
ventral anterior nucleus	ventral anterior thalamic nucleus	structure
ventral anterior nucleus	ventroanterior thalamic nuclei	structure
ventral anterior nucleus	ventroanterior thalamic nucleus	structure
ventral posterior nucleus	Nuclei ventrales posteriores	structure
ventral posterior nucleus	Nucleus ventralis posterior	structure
ventral posterior nucleus	ventral posterior nuclei	structure
ventral posterior nucleus	ventral posterior thalamic nuclei	structure
ventral posterior nucleus	ventral posterior thalamic nucleus	structure
ventral posterior nucleus	ventrobasal complex	structure
ventral posterior nucleus	ventrobasal nuclei	structure
ventral posterior nucleus	ventrobasal nucleus	structure
ventral posterolateral nucleus	Nucleus ventralis posterior lateralis thalami	structure
ventral posterolateral nucleus	Nucleus ventralis posterolateralis	structure

ventral posterolateral nucleus	Nucleus ventralis posterolateralis thalami	structure
ventral posterolateral nucleus	Nucleus ventralis thalami posterior lateralis	structure
ventral posterolateral nucleus	posterolateral ventral nucleus of thalamus	structure
ventral posterolateral nucleus	ventral posterolateral nuclei	structure
ventral posterolateral nucleus	ventral posterolateral nucleus	structure
ventral posterolateral nucleus	ventral posterolateral nucleus of thalamus	structure
ventral posterolateral nucleus	ventral posterolateral thalamic nuclei	structure
ventral posterolateral nucleus	ventral posterolateral thalamic nucleus	structure
ventral posteromedial nucleus	arcuate nucleus of thalamus	structure
ventral posteromedial nucleus	Nucleus arcuatus thalami	structure
ventral posteromedial nucleus	Nucleus semilunaris thalami	structure
ventral posteromedial nucleus	Nucleus ventralis posterior medialis thalami	structure
ventral posteromedial nucleus	Nucleus ventralis posteromedialis	structure
ventral posteromedial nucleus	Nucleus ventralis posteromedialis thalami	structure
ventral posteromedial nucleus	Nucleus ventrocaudalis anterior internus	structure
ventral posteromedial nucleus	posteromedial ventral nucleus of thalamus	structure
ventral posteromedial nucleus	semilunar nucleus	structure
ventral posteromedial nucleus	thalamic gustatory nucleus	structure
ventral posteromedial nucleus	ventral posterior medial nuclei	structure
ventral posteromedial nucleus	ventral posterior medial nucleus	structure
ventral posteromedial nucleus	ventral posteromedial nuclei	structure
ventral posteromedial nucleus	ventral posteromedial nucleus	structure
ventral posteromedial nucleus	ventral posteromedial nucleus of thalamus	structure
ventral tegmental area	Area tegmentalis ventralis	structure
ventral tegmental area	ventral tegmental area of Tsai	structure
ventral tegmental area	ventral tegmental nucleus of Tsai	structure
vestibular nuclei	Nuclei vestibulares	structure
vestibular nuclei	vestibular nuclear complex	structure
vestibular nuclei	vestibular nuclei	structure
vestibular nuclei	vestibular nuclei	structure
vestibular nuclei	vestibular nucleus	structure
visual extrastriate	visual extrastriate cortex	structure
visual extrastriate	visual extrastriate cortices	structure
Wernicke's area	area of Wernicke	structure
Wernicke's area	Wernicke's area	structure
