

**Table S3** Genomic coordinates of BACs used for FISH imaging. BAC BW27C3 has been screened for a genetic marker (MCW201) in the indicated location, but the precise extent of the BAC is unknown, as the ends have not been sequenced.

BAC ID	galGal3 Location
CH261-95H11	chr7:16391149-16620754
TAM32-24B23	chr7:16860577-17007780
BW27C3	chr7:22476221-22476531
CH261-5G3	chr7:23742304-23936571
