

# Supporting Information

Krubitzer and Seelke 10.1073/pnas.1201891109

**Table S1. Table of abbreviations**

Abbreviation	Description
Genes and hormones	
BMP	Bone morphogenic proteins
FGF	Fibroblast growth factor
FSH	Follicle stimulating hormone
GnRH	Gonadotropin releasing hormone
KO	Knock out
LH	Lutenizing hormone
mRNA	Messenger RNA
Anatomy	
3a	Brodmann's area 3a (somatosensory area)
3b	Brodmann's area 3b (somatosensory area)
A1	Primary auditory area
CL	Central lateral nucleus
LIP/VIP	Lateral intraparietal area/ventral intraparietal area
LGN	Lateral geniculate nucleus
M1	Primary motor area
MG	Medial geniculate nucleus
NAcc	Nucleus accumbens
Pla (PO)	Anterior pulvinar nucleus
PM	Parietal media area (also referred to at PP)
PO	Parietal occipital area
PP	Posterior parietal cortex (previously referred to as PM)
PV	Parietal ventral area
R	Rostral auditory area
S1	Primary somatosensory area
S2/PV	Secondary somatosensory area/parietal ventral area
SMA	Supplementary motor area
V1	Primary visual area
V2	Secondary visual area
V3	Tertiary visual area
VL	Ventral lateral nucleus
VP	Ventral posterior nucleus
VPi	Ventral posterior inferior nucleus
VPs	Ventral posterior superior nucleus
