

### Number of herds and exchanges and average degree of networks for each breed

Network	Number of herds	Number of exchanges	Average Degree
ESM	8	12	3.00
ESM (all)	20	31	3.10
MLB	17	28	3.29
MLB (all)	46	85	3.70
AR	17	32	3.76
AR (all)	84	137	3.26

Herds with at least five sampled animals and all herds with identified exchanges (“all”) are both considered.
