

Table S2 Amount of the conjugated protein on Con-P-conjugated and Con II-conjugated columns used for FAC analysis

	Amount of conjugated protein*		<i>Bt</i> (nmol)	(%)
	(μ g/column)	(nmol)		
Con-P	4.0	0.274	0.065	23.7
Con II	185.0	12.0	6.4	53.2

*Protein concentration was determined by BCA assay.
