

Figure S2. Collection sites for lineages of the *Daphnia pulex* species complex included in this study, excluding panarctic *D. pulex*.

Colors are used to indicate lineages as follows:

black = European *D. pulex*

orange = European *D. pulicaria*

green = eastern *D. pulicaria*

magenta = western *D. pulicaria*

light blue = polar *D. pulicaria*

brown = *D. middendorffiana*

dark purple = *D. tenebrosa*

light purple = S. American *D. pulicaria* A

pink = S. American *D. pulicaria* B
