

Figure S2.

Comparison of data derived from Mauzy et al (2012) and the present qRT-PCR study on the relative levels of *Cryptosporidium parvum* LDH, ADH and AceCL genes in the intracellular developmental stages. Data from Mauzy et al were extracted from the CryptoDB databases (<http://www.CryptoDB.org>).

A (Data derived from Mauzy et al, 2012. PLoS ONE 7:e31715)

B (Data derived from this study, i.e., Figure 6B)
