

Supplementary Figure 1. CD spectra of synthetic standards of orobanchol, *ent*-orobanchol, 2'-*epi*-orobanchol and *ent*-2'-*epi*-orobanchol

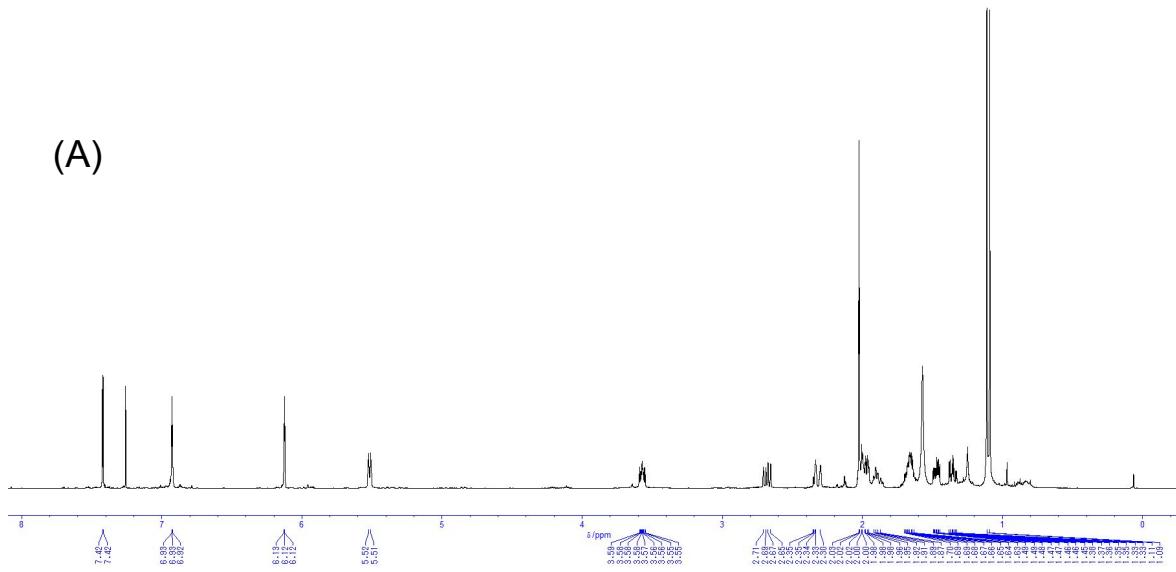

Supplementary Figure 2. CD spectra of orobanchol and *ent*-2'-*epi*-5-deoxystrigol purified from rice root exudate

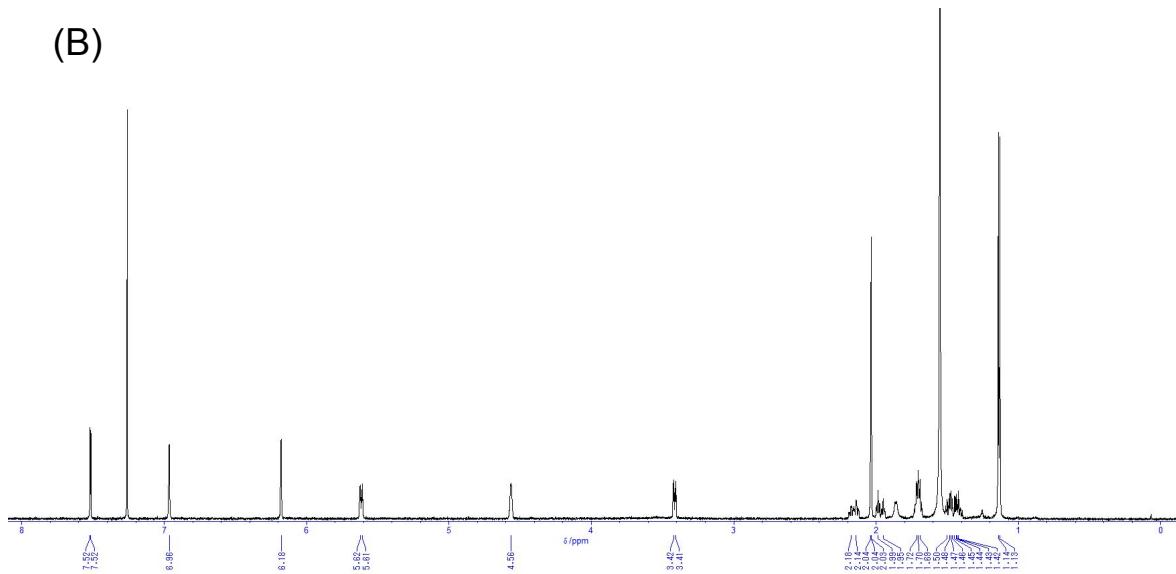

Supplementary Figure 3. CD spectrum of solanacyl acetate purified from tobacco root exudate

(A)

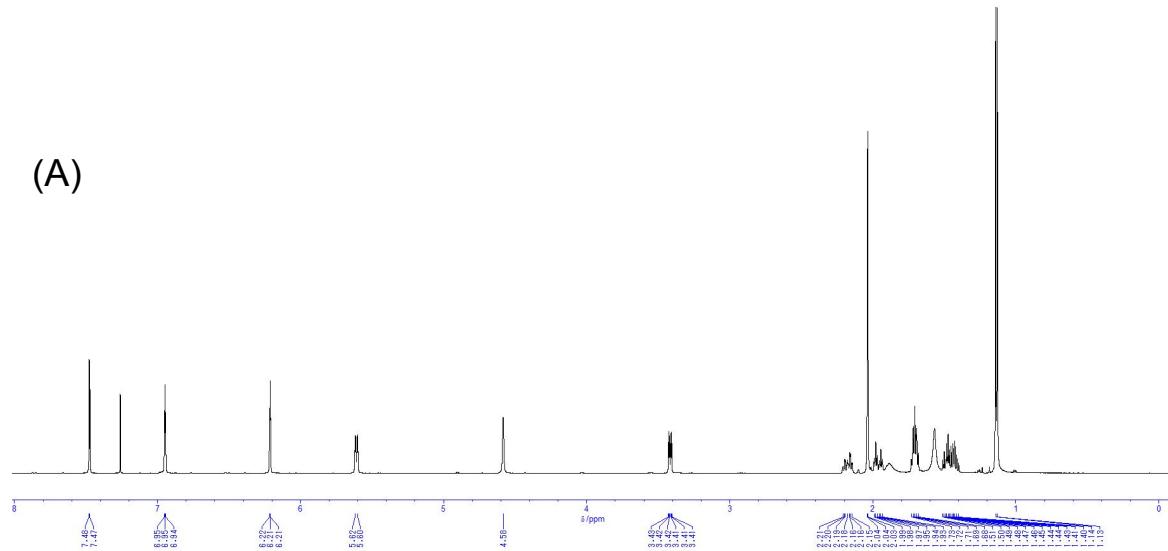

(B)

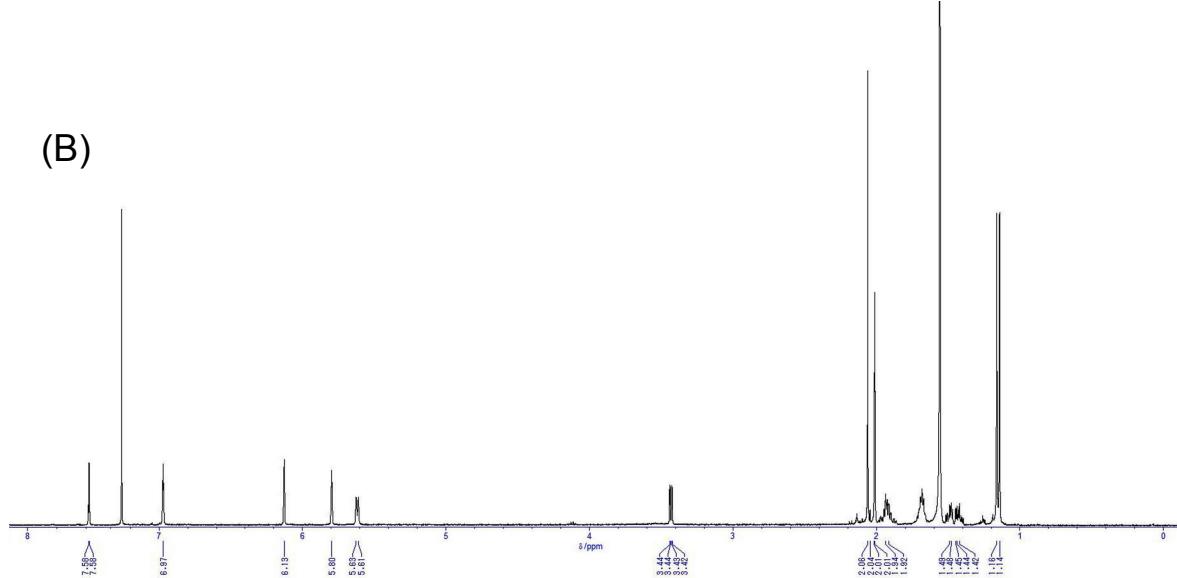

Supplementary Figure 4. ¹H NMR spectra of ent-2'-epi-5-deoxystrigol (A) and orobanchol (B)

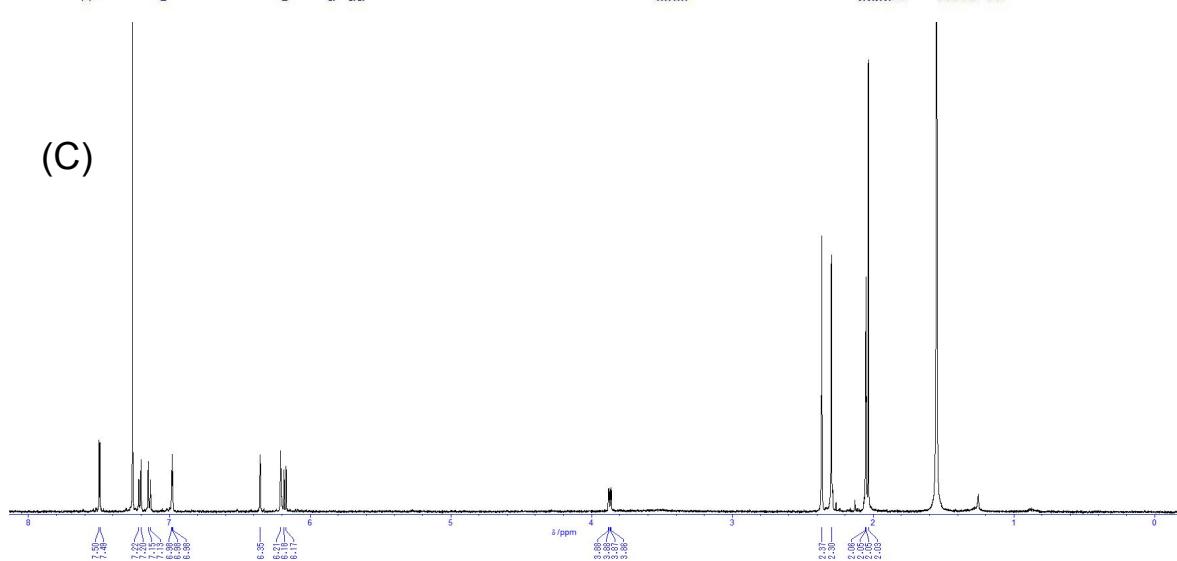

(A)

(B)

(C)

Supplementary Figure 5. ¹H NMR spectra of ent-2'-epi-orobanchol (A) , ent-2'-epi-orobanchyl acetate(B) and solancyl acetate (C)
