

UCSC genome browser identified no conservation of ROR, see the link :
http://genome.ucsc.edu/cgi-bin/hgTracks?position=chr18:54721802-54739350&db=hg19&ss=../trash/hgSs/hgSs_genome_38ff_1cef90.pslx+../trash/hgSs/hgSs_genome_38ff_1cef90.fa&hgside=219146885

Supplementary information, Figure S4 A UCSC genome browser search identified no RoR counterpart from mouse, dog, elephant, opossum or chicken. Human RoR exons were in red circles.
