

Supplementary table 1: Advance Care Plan template pilot stakeholder consultation questions

-
- Was the language and the wording on the form at the right level for a) staff; b) consumers?
 - Was the font size and space allocation for writing wishes adequate?
 - Was the form easy to follow? Did it flow?
 - Who trialled the form?
 - Were the prompts on the form helpful in supporting and guiding the process of advance care planning for staff and consumers?
 - Did you complete advance care plans for both competent and non competent residents? If so was the form adequate for both?
 - Were any GP's involved in the advance care planning process, using this form? Did they provide any comments on the form?
 - Did the three choices in the "My Requests" box assist you in being able to document the resident's wishes?
-
