

Structured template used for the review

General information	
Bibliographic information:	
Country:	
Funding:	<input type="checkbox"/> Industry <input type="checkbox"/> Non-industry <input type="checkbox"/> Not stated
Type of Study:	<input type="checkbox"/> CEA <input type="checkbox"/> CUA <input type="checkbox"/> CBA
Summary Measure:	<input type="checkbox"/> Net-Benefit <input type="checkbox"/> ICER <input type="checkbox"/> Costs and effects separately
Disease(s):	
Intervention(s):	
Category of Intervention(s): <i>(check all that apply)</i>	<input type="checkbox"/> Surgical <input type="checkbox"/> Diagnostic <input type="checkbox"/> Medical <input type="checkbox"/> Preventative <input type="checkbox"/> Rehabilitation <input type="checkbox"/> Public health policy
Outcome(s):	
Name(s) of Dataset(s):	
Design / Sample Size / Type of Data:	
Analytical approaches	
Method(s) for handling selection bias: <i>(check all that apply)</i>	<input type="checkbox"/> Regression analysis <input type="checkbox"/> Matching <input type="checkbox"/> Propensity scores <input type="checkbox"/> Instrumental variables <input type="checkbox"/> Difference-in-differences <input type="checkbox"/> Control function <input type="checkbox"/> Regression discontinuity
Adjustment performed on: <i>(check all that apply)</i>	<input type="checkbox"/> Costs <input type="checkbox"/> Effects <input type="checkbox"/> Costs and Effects <input type="checkbox"/> Net-Benefit <input type="checkbox"/> Not stated

Estimation method(s):	
Treatment effect (T.E):	
Software used:	<input type="checkbox"/> Reported (specify): <input type="checkbox"/> Not stated
Handling of Uncertainty:	
Comparisons	
Conclusions concerning the methods used for handling selection bias:	
<p>Reviewer's appraisal</p> <p><i>Was any justification provided for the method used?</i></p> <input type="checkbox"/> No <input type="checkbox"/> Yes (specify): <p><i>Was any justification provided for the specification used?</i></p> <input type="checkbox"/> No <input type="checkbox"/> Yes (specify): <p><i>Has the analysis reported the use of any alternative specifications?</i></p> <input type="checkbox"/> No <input type="checkbox"/> Yes (specify): <p><i>Have appropriate tests been undertaken?</i></p> <input type="checkbox"/> No <input type="checkbox"/> Yes (specify):
