

Author title: Absence of P-glycoprotein Transport in the Pharmacokinetics and Toxicity of the Herbicide Paraquat

Authors' names: Lacher SE, Gremaud JN, Skagen K, Steed E, Dalton R, Sugden KD, Cardozo-Pelaez F, Sherwin CMT, Woodahl EL

Journal name: Journal of Pharmacology and Experimental Therapeutics

Supplemental Figure 1. Comparison of pharmacokinetic model observed vs. population predicted paraquat concentrations in FVB wild-type (Panel A) and *mdr1a*^(-/-)/*1b*^(-/-) (Panel B) mice. Paraquat final model observed versus population predicted concentrations. The line of identity is shown as a solid black line. The short line represents the spline of the data.
