High	**Low**	**Interactions between HIV and Family Planning Organizations**
●	•	Existing interactions between organizations that offer HIV services and/or FP services
		High interactions reflect the frrequency of clients referrals from one organization to another at least monthly; low interactions reflect a reported frequency of less than once a month.

Primary	**Secondary**	**Opportunities for Integration**
○	○	Opportunity for HIV and FP organizations to refer clients to each other
		Where "primary" represents an opportunity between an organization that provides HIV services to on that offers FP services
		Where "secondary" represents an opportunity between an organization that provides FP services to on that offers HIV services
