

Corrigendum

More potent transcriptional activators or a trans-dominant inhibitor of the HNF1 homeoprotein family are generated by alternative RNA processing

by **Ingolf Bach** and **Moshe Yaniv**

The EMBO Journal, **12**, 4229–4242, 1993.

In the above paper, there was an error in the first sentence of the first paragraph of Materials and methods. The sentence should begin: '1.2 × 10⁶ plaques of a human liver cDNA library in λgt10 (generous gift of D.Lamy) . . .' not '1.2 × 10⁶ plaques of a rat genomic library in λgt10 . . .'
