

SUPPLEMENTAL MATERIAL

Daussy et al., <http://www.jem.org/cgi/content/full/jem.20131560/DC1>

**Figure S1. Gating strategy used to identify pre-pro NK cells and NKp.** The figure shows the sequential gating strategy from top to bottom, in the BM and liver as indicated, according to Fathman et al. (2011). Data are representative of at least three independent experiments.

Table S1 is provided as a pdf.
