Hi Ola,

It's nice to hear from you. Congratulations on the upcoming manuscript submission! Yes, you have my written permission to include me in the acknowledgments section.

Medical school is going well! I've never studied so hard but I absolutely love it. I hope all is well with you and your family :)

Ashley

Hi Rick,

As you know we are submitting my manuscript entitled “A Role for PGC-1 Coactivators in the Control of Mitochondrial Dynamics during Postnatal Cardiac Growth” to Circulation Research. We are listing you in the Acknowledgments section for critical reading of the manuscript. The journal requires that we have your written permission in order to name you in this section. Please let me know that this is ok with you.

Thanks,

Ola

Hi Lorenzo,

As you know, we are submitting my manuscript entitled “A Role for PGC-1 Coactivators in the Control of Mitochondrial Dynamics during Postnatal Cardiac Growth” to Circulation Research. We are listing you in the Acknowledgments section for your assistance in preparation of the manuscript. The journal requires that we have your written permission in order to name you in this section. Please let me know that this is ok with you.

Thanks,

Ola

Ola -

Congrats on getting your story out! Thanks for acknowledging my contributions - I appreciate it! ;) I'll keep my fingers crossed for you for easily addressable reviewer concerns. Good luck!

Hope Chris and the kiddos are doing well!
Juliet

Hi Ola

Sure, could you also put the core information if possible? Such as: Jian-Liang Li at Lake Nona Bioinformatics core

Thanks,

Jason

Hi Jason,

I want to thank you for all your help with the Mfn1 promoter analysis. We are now submitting a manuscript entitled "A Role for PGC-1 Coactivators in Mitochondrial Maturation and Dynamics during Postnatal Cardiac Development", which includes some of this work, to Circulation Research. We are listing you in the Acknowledgments section for your contribution. The journal requires that we have your written permission in order to name you in this section. Please let me know if you have any concerns or if this is ok with you.

Thanks,
Ola

Hi Ola,

That is fine with me. Congratulations on your publication! I know you have put a lot of work into that project. Send me a copy when you can. I would like to read it.

Deanna
