Table S8.  TNB logistic regression analysis: 3 apparently non-immune related genes that have an AUC > 0.8, the best AUC score obtained with an immune gene.

|  | Gene | Description | AUC |
|---|---|---|---|
| 204960_at | PTPRCAP | protein tyrosine phosphatase, receptor type, C-associated protein | 0.8725 |
| 214269_at | MFSD7 | major facilitator superfamily domain containing 7 | 0.8625 |
| 220345_at | LRRTM4 | leucine rich repeat transmembrane neuronal 4 | 0.885 |
