

39 snails shedding male F2 cercariae  
(one male genotype per snail = **39 genotypes**)

91 snails shedding female F2 cercariae  
(one female genotype per snail = **91 genotypes**)

10 of each male genotype per hamster  
(39 x 10 = **390 male F2 cercariae**)

4 of each female genotype per hamster  
(91 x 4 = **364 female F2 cercariae**)
