Diagram illustrating a vertical structure with 44 segments, numbered 1 through 44, arranged in a column. The segments are connected to a horizontal line on the right side of the structure. The segments are arranged in a vertical column, with the top segment being the widest and the bottom segment being the narrowest. The horizontal lines on the right side of the oval are of varying lengths, corresponding to the width of each segment. The entire structure is enclosed in a vertical oval frame.
