

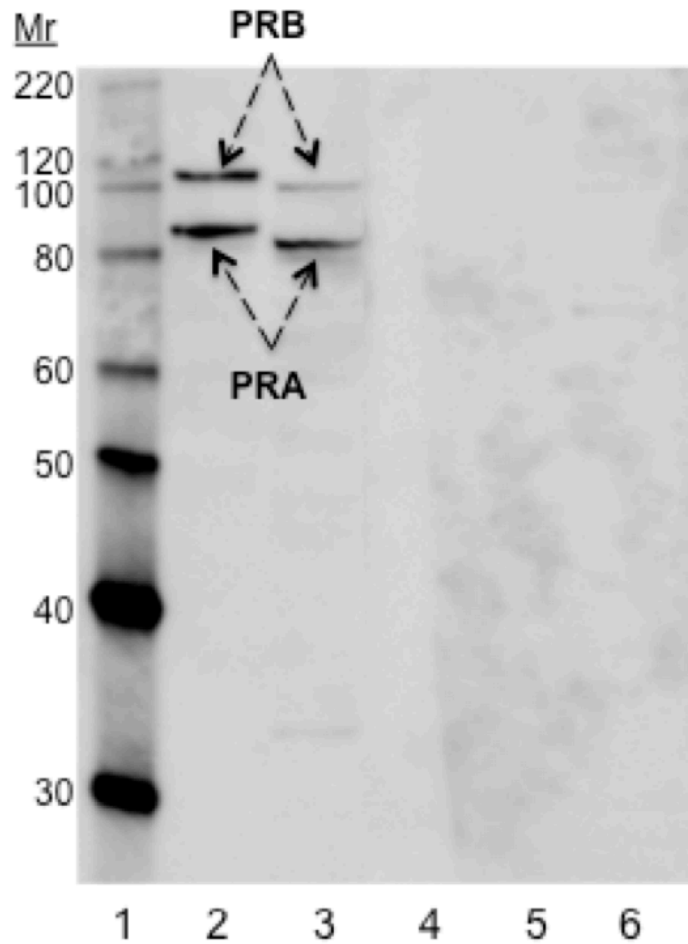

**Figure S1**  
**Immunoblot Detection of Progesterone Receptor (PRA and PRB) Protein**  
**in Guinea Pig Uterus**

Lane Assignments:

- 1: Mr markers
- 2: T47D cell extract, positive control
- 3: Uterine tissue extract
- 4: Empty lane
- 5: T47D cell extract with immunising peptide competition
- 6: Uterine tissue extract with immunising peptide competition
