\* P.N. Patient No;

# V.L. Viral load in serum(x10<sup>6</sup> IU/mL RNA);

§ G.T. HCV genotype;

TP, total protein. ALB, albumin. TBIL, total bilirubin. IBIL, indirect bilirubin. CHE, cholinesterase. ALP, Alkaline phosphatase.

GGT, gamma-glutamyl transpeptidase. TC, total cholesterol. TG, triglyceride. Glu, glucose. ALT, alanine aminotransferase.

AST, aspartate aminotransferase. IFN, interferon.
