

Table S6: Pair-wise estimates of genetic divergence (F_{ST}) and genetic distance among six model-based population groups

Populations	POP I	POP II	POP III	POP IV	POP V	POP VI
POP I	-	0.53	0.46	0.67	0.65	0.89
POP II	0.54	-	0.23	0.39	0.49	0.42
POP III	0.61	0.31	-	0.48	0.54	0.75
POP IV	0.68	0.52	0.47	-	0.79	0.69
POP V	0.78	0.61	0.58	0.65	-	0.83
POP VI	0.86	0.58	0.49	0.59	0.72	-

Pair-wise F_{ST} estimates are mentioned above the diagonal and genetic distance provided below the diagonal
