

Figure S5 Analysis of MED23 levels in disease mice model. **(A)** Immunoblot of MED23 in livers of C57BL/6 mice fed on chow diet or HFD (left panel). Densitometric analysis (right panel). **(B)** Immunoblot of MED23 in livers of lean (control) and *db/db* mice (left panel). Densitometric analysis (right panel). Data are presented as mean \pm s.e.m.. For all the panels, absence of * indicates that the statistical analysis were non-significant.
