

Table S4. Numbers of African penguin chicks admitted for hand-rearing at SANCCOB, released or that died between September and December 2006 and 2007 which were positive for avian malaria and percentages of the total in each case.

	2006			2007		
	Admissions	Releases	Deaths	Admissions	Releases	Deaths
No. birds	114	81	33	112	42	70
% of category	14%	11%	43%	23%	12%	54%
Mean \pm SD						
duration	–	58 \pm 23	53 \pm 26	–	81 \pm 27	58 \pm 26
(d)						

The mean \pm standard deviation (SD) duration in days (d) from admission to release or death is also shown.
