

Supplemental Figure S4

Supplemental Figure S4. Time course of *pPLAIIIδ* expression responding to auxin treatment based on data from website.

(<http://jsp.weigelworld.org/expviz/expviz.jsp?experiment=development&normalization=absolute&probesetcsv=At3g63200&action=Run>).

Under 1 μM IAA treatment, the expression of *pPLAIIIδ* was only down-regulated slightly.
