Dear Female Volunteer:

Thank you for sending us your e-mail address and therefore volunteering for our study!

NOTE: If you are under 18 years of age, or if you did not in fact request a copy of our sexuality questionnaire, please accept our apologies. Stop reading here, close this document, and discard it.

The questionnaire contains 123 questions, broken down as follows:

- 9 questions about demographics (age, education, etc.)
- 11 questions about personality
- 21 questions about sexual orientation (the "Klein Grid")
- 58 questions about what excites you sexually
- 23 questions about your childhood non-sexual activities

You have three ways to return your answers to us: e-mail, US Mail, or fax.

(1) E-mail: To respond in this way, just open the questionnaire in your word processor and delete all the answers you don't wish to choose. So if the question was:

- 227 Are you...
 - A A Freemason
 - B An Elk
 - C A Rotarian
 - D None of the above

and the correct answer for you is C, then you should delete the lines beginning with A, B, and D, so the result would be:

- 227 Are you...
 - C A Rotarian

To answer a numerical question, just type in your response; e.g.:

My age: 33

You should simply ignore the answer sheets which constitute the last few pages of this transmission.

THIS NOTICE IS SO IMPORTANT THAT WE'RE PUTTING IT ALL IN CAPS!

IF YOU CHOOSE TO SEND IN YOUR ANSWERS BY E-MAIL THERE IS NO WAY THAT YOUR CONFIDENTIALITY CAN BE GUARANTEED, EVEN IF YOU RETURN IT USING YOUR HANDLE INSTEAD OF YOUR REAL NAME. IF YOU ARE CONCERNED THAT SOMEONE MIGHT CONNECT YOU WITH YOUR ANSWERS THEN DO NOT CHOOSE THIS METHOD!

(2) US Snail Mail: Print out the answer sheets on the last few pages of this questionnaire. Use a monospaced font (such as Courier) and set margins so that you have room for at least 67 characters on each line and at least 47 lines per page. Read each question and then, on the answer sheet, CROSS OUT or OBLITERATE each answer you choose. (Think back to when you took those standardized SAT tests in high school; it's the same principle.) Use an X or a solid blob to obliterate your choice. Do not circle your answers, and don't use a single slash. Fold the answer sheets neatly and mail them in a business-sized (or larger) envelope to:

Fritz Klein, M.D.
0000 Park Boulevard #000
San Diego CA 92116

This is the method which best protects your confidentiality.

(3) Fax: Print out the answer sheets on the last few pages of this questionnaire. Use a monospaced font (such as Courier) and set margins so that you have room for at least 67 characters on each line and at least 47 lines per page. Read each question and then, on the answer sheet, CROSS OUT or OBLITERATE each answer you choose. (Think back to when you took those standardized SAT tests in high school; it's the same principle.) Use an X or a solid blob to obliterate your choice. Do not circle your answers, and don't use a single slash.. Fax the completed answer sheets to Dr. Weinrich's fax number:

(619) 000-0000

Although there are occasional problems with our receiving fax modem, most succeed on the first try, and nearly everyone else on the second or third.

ANOTHER IMPORTANT NOTE ABOUT CONFIDENTIALITY: Although fax security is often better than e-mail security, this might not be the case for you. For example, if you use a network fax modem, if your phone line is tapped, if your fax machine automatically identifies itself with a phone number or a descriptive phrase, YOUR CONFIDENTIALITY CANNOT BE ASSURED! Please use snail mail if this is of concern to you.

ABOUT THE AUTHORS

Dr. Fritz Klein is the author of *The Bisexual Option* (Haworth Press, New York, 1993) and the inventor of the Klein Sexual Orientation Grid. He is a psychiatrist living in San Diego. Dr. Jim Weinrich wrote *Sexual Landscapes: Why We Are What We Are, Why We Love Whom We Love* (Scribners, New York, 1987), and is now an AIDS researcher at the University of California, San Diego. INTERNET SEXUALITY QUESTIONNAIRE

[For best formatting use monospaced font and set margins at least 67 characters wide with 47 lines per page.]

Fritz Klein, M.D.
0000 Park Boulevard #000
San Diego CA 92116

James D. Weinrich, Ph.D.
Univ. of California, San Diego
0000 Fifth Avenue #000

August 1994

Dear Male Volunteer:

Thank you for sending us your e-mail address and therefore volunteering for our study!

NOTE: If you are under 18 years of age, or if you did not in fact request a copy of our sexuality questionnaire, please accept our apologies. Stop reading here, close this document, and discard it.

The questionnaire contains 123 questions, broken down as follows:

- 9 questions about demographics (age, education, etc.)
- 11 questions about personality
- 21 questions about sexual orientation (the "Klein Grid")
- 58 questions about what excites you sexually
- 23 questions about your childhood non-sexual activities

You have three ways to return your answers to us: e-mail, US Mail, or fax.

(1) E-mail: To respond in this way, just open the questionnaire in your word processor and delete all the answers you don't wish to choose. So if the question was:

- 227 Are you...
 - A A Freemason
 - B An Elk
 - C A Rotarian
 - D None of the above

and the correct answer for you is C, then you should delete the lines beginning with A, B, and D, so the result would be:

- 227 Are you...
 - C A Rotarian

To answer a numerical question, just type in your response; e.g.:

My age: 33

You should simply ignore the answer sheets which constitute the last few pages of this transmission.

THIS NOTICE IS SO IMPORTANT THAT WE'RE PUTTING IT ALL IN CAPS!

IF YOU CHOOSE TO SEND IN YOUR ANSWERS BY E-MAIL THERE IS NO WAY THAT YOUR CONFIDENTIALITY CAN BE GUARANTEED, EVEN IF YOU RETURN IT USING YOUR HANDLE INSTEAD OF YOUR REAL NAME. IF YOU ARE CONCERNED THAT SOMEONE MIGHT CONNECT YOU WITH YOUR ANSWERS THEN DO NOT CHOOSE THIS METHOD!

(2) US Snail Mail: Print out the answer sheets on the last few pages of this questionnaire. Use a monospaced font (such as Courier) and set margins so that you have room for at least 67 characters on each line and at least 47 lines per page. Read each question and then, on the answer sheet, CROSS OUT or OBLITERATE each answer you choose. (Think back to when you took those standardized SAT tests in high school; it's the same principle.) Use an X or a solid blob to obliterate your choice. Do not circle your answers, and don't use a single slash. Fold the answer sheets neatly and mail them in a business-sized (or larger) envelope to:

Fritz Klein, M.D.
0000 Park Boulevard #000
San Diego CA 92116

This is the method which best protects your confidentiality.

(3) Fax: Print out the answer sheets on the last few pages of this questionnaire. Use a monospaced font (such as Courier) and set margins so that you have room for at least 67 characters on each line and at least 47 lines per page. Read each question and then, on the answer sheet, CROSS OUT or OBLITERATE each answer you choose. (Think back to when you took those standardized SAT tests in high school; it's the same principle.) Use an X or a solid blob to obliterate your choice. Do not circle your answers, and don't use a single slash. Fax the completed answer sheets to Dr. Weinrich's fax number:

(619) 000-0000

Although there are occasional problems with our receiving fax modem, most succeed on the first try, and nearly everyone else on the second or third.

ANOTHER IMPORTANT NOTE ABOUT CONFIDENTIALITY: Although fax security is often better than e-mail security, this might not be the case for you. For example, if you use a network fax modem, if your phone line is tapped, if your fax machine automatically identifies itself with a phone number or a descriptive phrase, YOUR CONFIDENTIALITY CANNOT BE ASSURED! Please use snail mail if this is of concern to you.

ABOUT THE AUTHORS

This set of questionnaires is being circulated by two internationally known sex researchers who are interested in understanding why people prefer the sexual acts they prefer. Dr. Fritz Klein is the author of *The Bisexual Option* (Haworth Press, New York, 1993) and the inventor of the Klein Sexual Orientation Grid. He is a psychiatrist living in San Diego. Dr. Jim Weinrich wrote *Sexual Landscapes: Why We Are What We Are, Why We Love Whom We Love* (Scribners, New York, 1987), and is now an AIDS researcher at the University of California, San Diego. Both have appeared in numerous professional forums and on many popular talk shows.
