

Visual Schedule for Examination

1

Binocular & Monocular Distance Visual Acuity

2

Retinoscopy

3

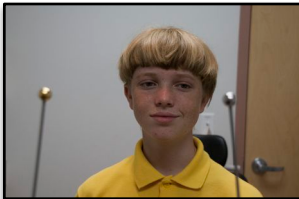

Cover/Uncover Test & Alternate Cover Test with Prism Neutralization at Distance and Near

4

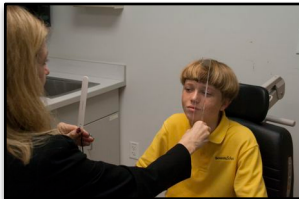

Near Point of Convergence

5

Ocular Motility Testing

6

Near Fusional Vergence (Break & Recovery)

7

Stereoacuity

8

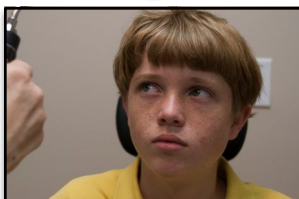

Monocular Estimation Method

9

Binocular & Monocular Near Visual Acuity

10

EOMs

11

Pupil Testing

12

Anterior Segment Evaluation

13

Icare Tonometry

14

Dilated Posterior Segment Evaluation & Cycloplegic Retinoscopy
