

SUPPLEMENTAL MATERIAL

Supplemental Material Videos are available at <http://wjpcchs.sagepub.com/supplemental>.

Supplemental Video 1. Transthoracic echocardiogram demonstrating the thrombus (arrow) crossing the aortic valve with each systolic contraction. Ao indicates aorta; LA, left atrium; LV, left ventricle.

Supplemental Video 2. Transesophageal echocardiogram revealing the mobile thrombus (arrow) traversing the aortic valve in systole, immediately prior to thrombectomy. Ao indicates aorta; LA, left atrium; LV, left ventricle.
