Dear Jianming,

Our manuscript using AAV to knockdown some genes in heart was accepted in principle to Circulation Research. We acknowledged your input in our work in the Acknowledgement section, "We thank Jianming Jiang for sharing with us the protocol of making AAV-shRNA." The journal requires that you approve this mention of your name in the acknowledgements. Can you please send a brief note to circulation.research@circresearch.com citing manuscript number CIRCRES/2014/304457R1 and indicate that this acknowledgement is ok for you.

Thank you.
Bill
