a

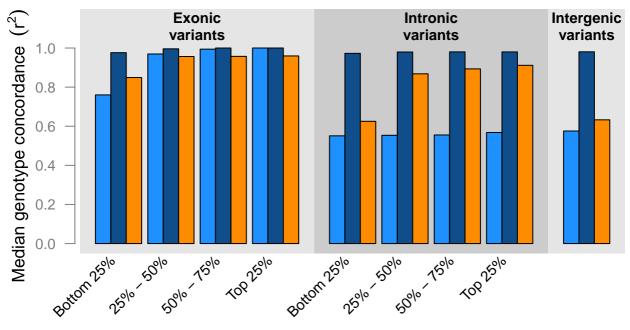

Median gene expression level relationship with genotyping concordance in all Geuvadis samples

- Genotype concordance of directly genotyped SNPs before imputation
- Genotype concordance of directly genotyped SNPs after imputation
- Genotype concordance of SNPs that have only been imputed

b

Median gene expression level relationship with genotyping concordance in European Geuvadis samples

- Genotype concordance of directly genotyped SNPs before imputation
- Genotype concordance of directly genotyped SNPs after imputation
- Genotype concordance of SNPs that have only been imputed
