

Imp_UpBase

Imp_DownBase

allograft rejection
IL12-mediated signaling events
graft-versus-host disease
NOD-like receptor signaling pathway
Toll-like receptor signaling pathway

Pla-Imp_DownBase

calcineurin-regulated NFAT-dependent transcription in lymphocytes
downstream signaling in naïve CD8+ T cells
regulation of hematopoiesis by cytokines
calcium signaling in the CD4+ TCR pathway
cytokine network
NFkB activation by nontypeable Hemophilus influenzae
IL-17 signaling pathway
