	Age	1.020	1.004	1.037	0.020	5.855	**0.016**

Exp(B) – odds ratio, CI – confidence interval, B – Not standardized regression coefficient, Wald – Wald-statistics, Sign. –Significance (p-value). SAPS II - Simplified Acute Physiology Score II ($p < 0.005$), SOFA - Sequential Organ Failure Assessment ($p < 0.005$) and Age ($p < 0.05$) are independent variables that significantly influence the dependent variable (survival time).
