Adherence to algorithm scoring

Task	2 points	1 point	0 points
1. Safe approach	done at correct algorithmic position	done but at wrong algorithmic position	not done
2. Asses responsiveness			
3. Shout for help			
4. Open airway			
5. Assess breathing			
6. Initial rescue breaths			
7. Assess signs of life/circulation			
8. (4) cycles of CPR			
9. Emergency call
