

Table S8. Single nucleotide polymorphism typing for the *keto*hexokinase (*khk*) locus in progeny plants from the cross between a male and a female plant in PI 647859, using dCAPS marker SP_0048

Progeny plants	SNP Genotypes		Total
	TT	TA	
Male	10	0	10
Female	0	23	23
Total	10	23	33
